Before Assembly

Thank you for choosing this product!

To ensure safe use and long-term maintenance, please read this manual carefully and keep it properly for future reference.

Important Notice:

- Please read this guide carefully to familiarize yourself with the required tools, materials, and procedures. Follow the applicable sections to ensure proper assembly.
- This guide is based on the latest product information at the time of printing. The company reserves the right to make changes to product features, packaging, or availability without notice. Before assembling the furniture, ensure all necessary preparations are completed.
- This manual includes important installation, cleaning, and maintenance information. Please read and keep it for future reference.
- Prepare necessary tools.
- Have at least two adults for assembly.
- Assemble on a flat surface for balance.
- Do not tighten screws until assembly is complete.
- Before assembly, check if the product is damaged. Place it on a flat surface for balance.
- Avoid prolonged exposure to moisture and sunlight. Clean the furniture regularly with a damp cloth to prevent bacterial growth.
- Do not expose the sink to acidic, alkaline, or corrosive liquids. Handle with care during installation to avoid scratches or damage.
- Protect parts during assembly. Clean surfaces with a damp cloth only.
- For questions, contact customer service at service@grandtunnel.com.

Safety Warnings

- Please follow the warning information displayed on this product and its packaging. Do not remove the warning labels.
- Please regularly check the sealing of the drain pipe to see if there is any leakage. If there is a leakage problem, please replace the drain pipe in time.
- Safety is a shared responsibility between us as the manufacturer and you as the guardian. Please read and consider the warnings on the page.

Maintenance and Care Recommendation

- Keep dry and well-ventilated to prevent moisture and rust.
- Wipe with a soft cloth and use mild detergent for stains. Avoid excessive moisture.
- Evenly distribute weight to prevent stress on certain areas that may cause cracking.
- Check screws and fasteners regularly to ensure stability and prevent loosening.
- Keep the sink away from acidic or alkaline substances to protect its surface and durability.
- Please wipe it clean after use and avoid leaving it outdoors in the rain for a long time.

Customer Service Guide

Thank you for choosing our product! We are committed to providing you with excellent service. If you find any missing parts, damaged packaging, or product damage after receiving all packages, please follow the steps below to quickly contact our customer service team. We will do our best to resolve your issue.

1. Missing Parts

Verify Parts:

- 1.Refer to the "Parts List" in the manual to verify the name,specifications,and quantity of the missing parts.
- 2.Take a clear photo of the parts list and mark the missing parts with detailed information,e.g.,"Missing 5 pieces of M6x30mm screws."

Contact Us:

By Email:

Send an email to **service@grandtunnel.com**, with the subject line "Missing Parts Issue." Include the following in the email:

- A description of the missing parts and a photo of the parts list.
- Order details (order number,purchase platform,purchase date).

2.Product or Packaging Damage

If it affects normal use:

Steps:

1. Take clear photos or videos showing the damaged parts and the extent of the damage(multi-angle shots are recommended).
2. Email the photos/videos along with order details to **service@grandtunnel.com**, with the subject line "Product Damage Issue."

Resolution:

After verification, we will arrange for a replacement part, product exchange, or refund as quickly as possible.

If it does not affect normal use:

Steps:

- 1.Contact our customer service team (by email: **service@grandtunnel.com**).

- 2.Provide a description of the damage and include relevant photos or videos.

Resolution:

We will provide repair guidance or an appropriate compensation plan based on the specific situation.

Installation Instructions

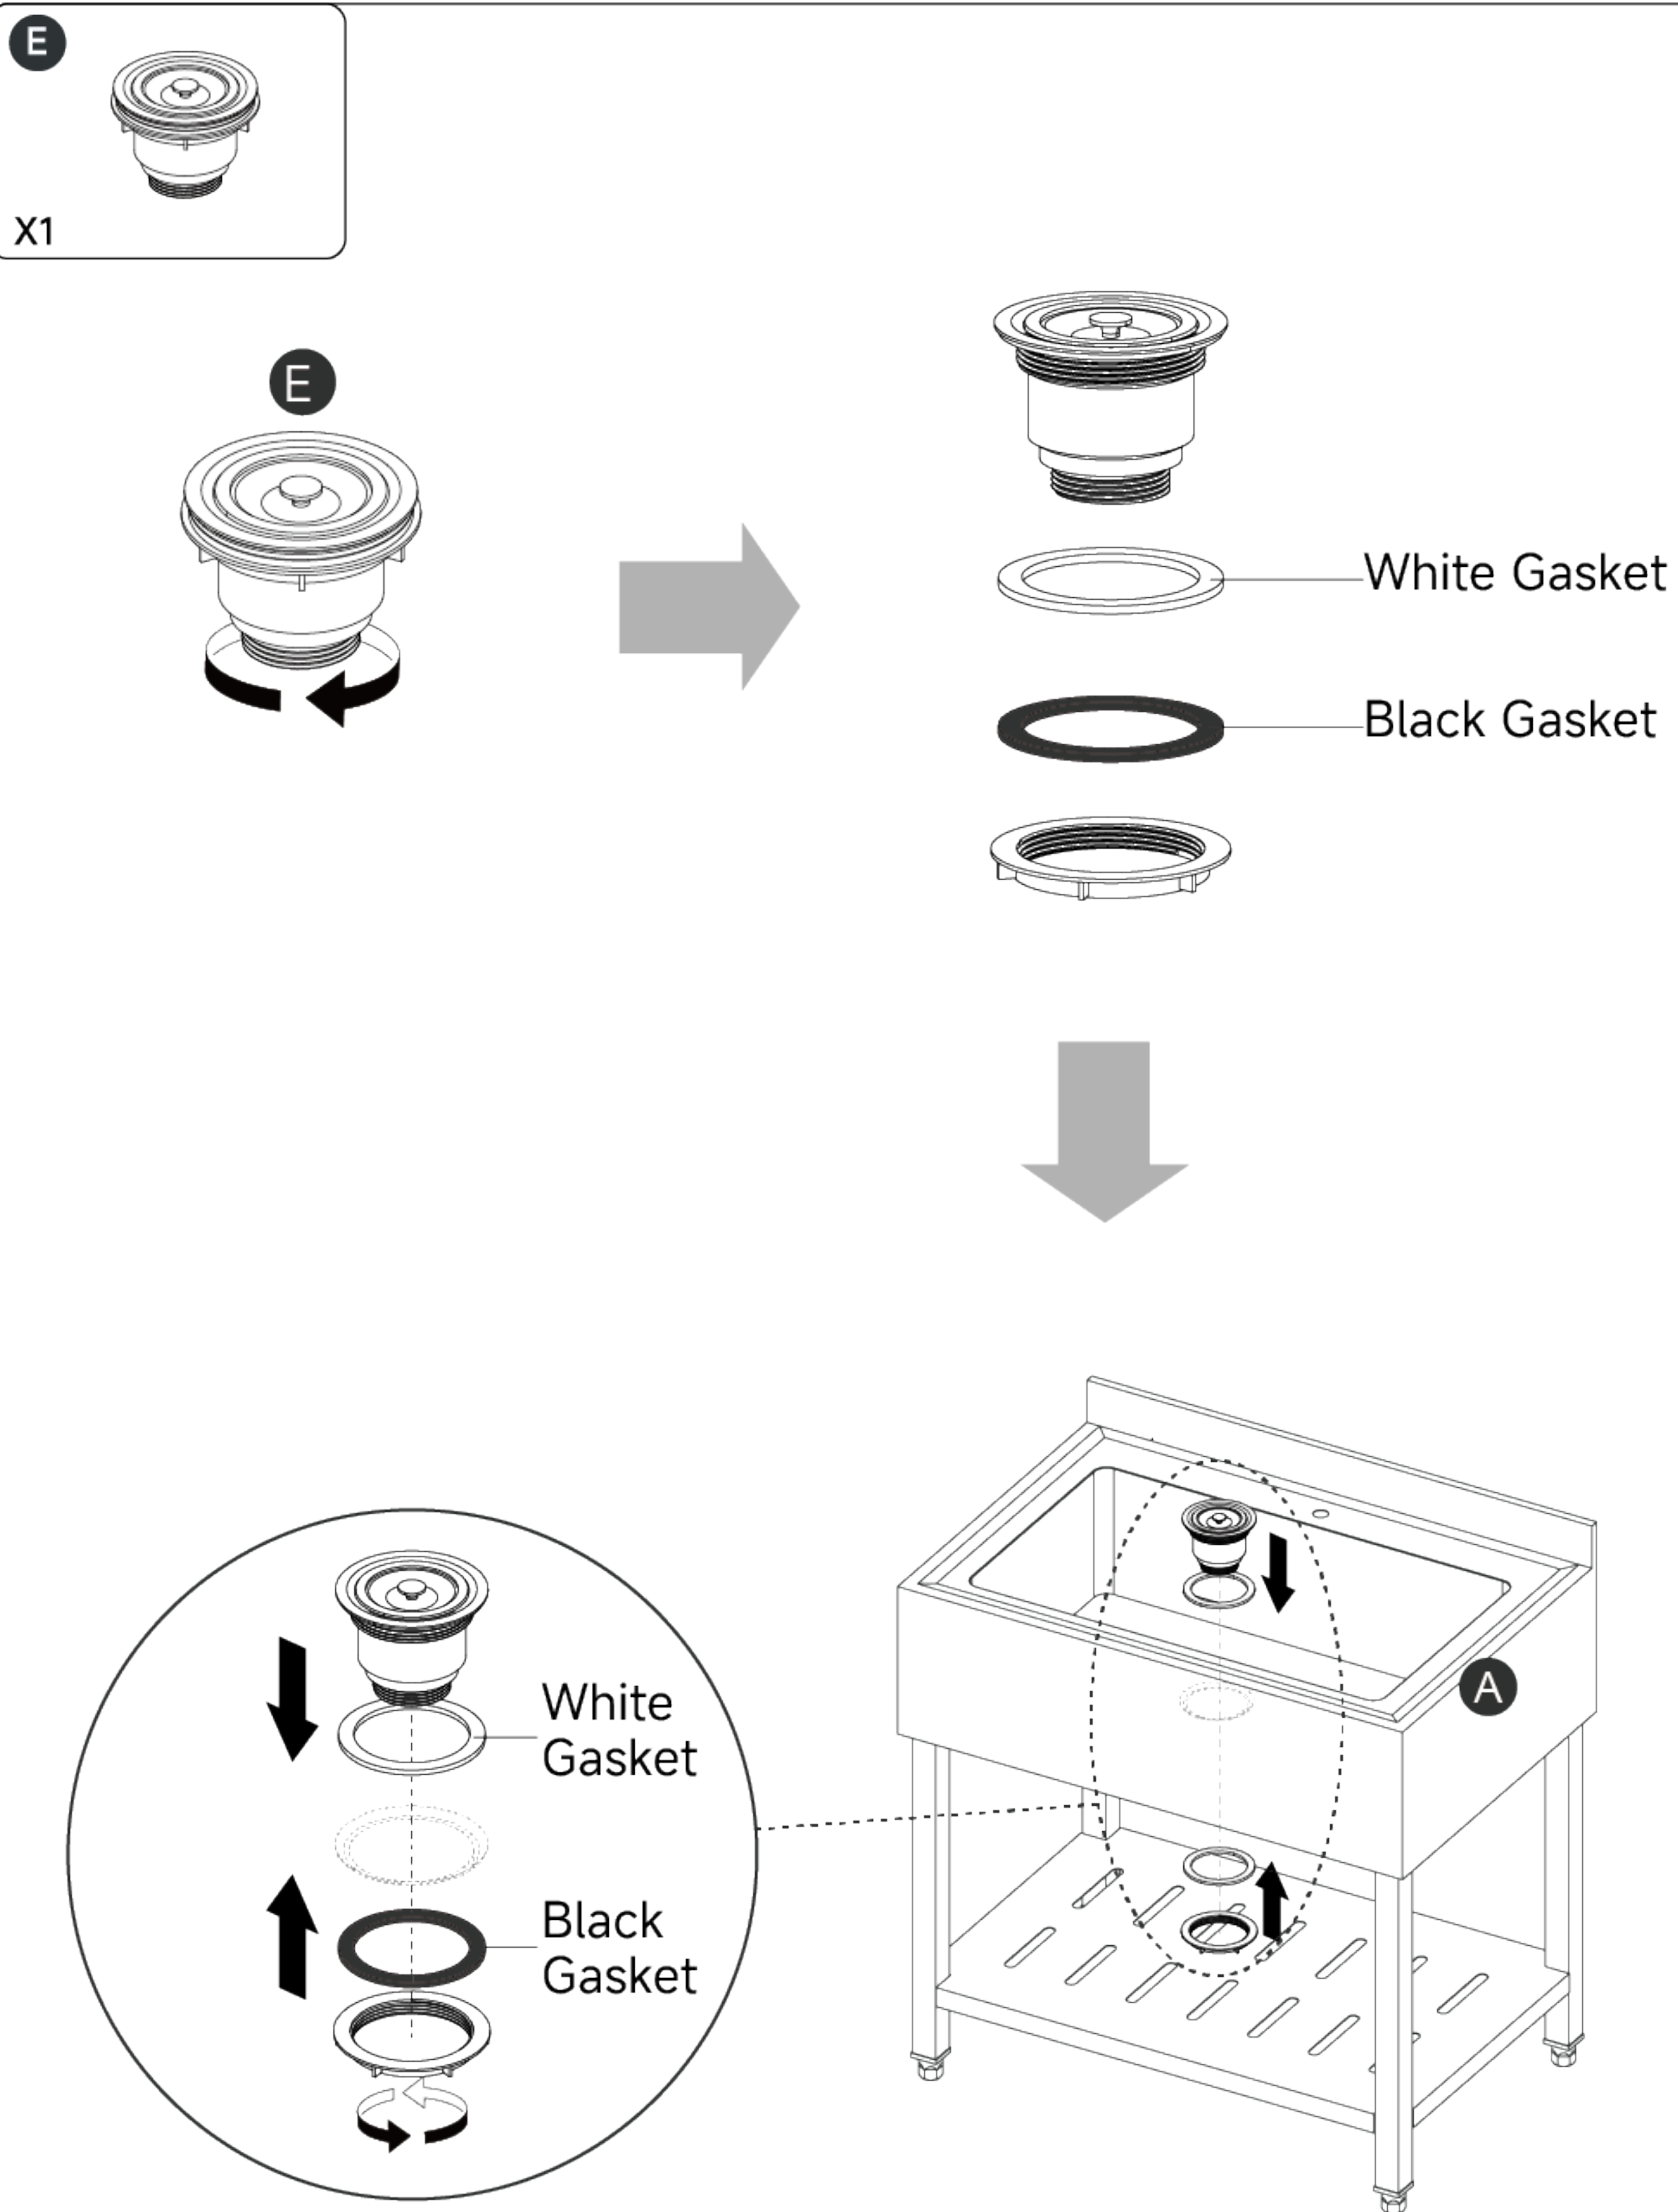

Step 1

Step 2

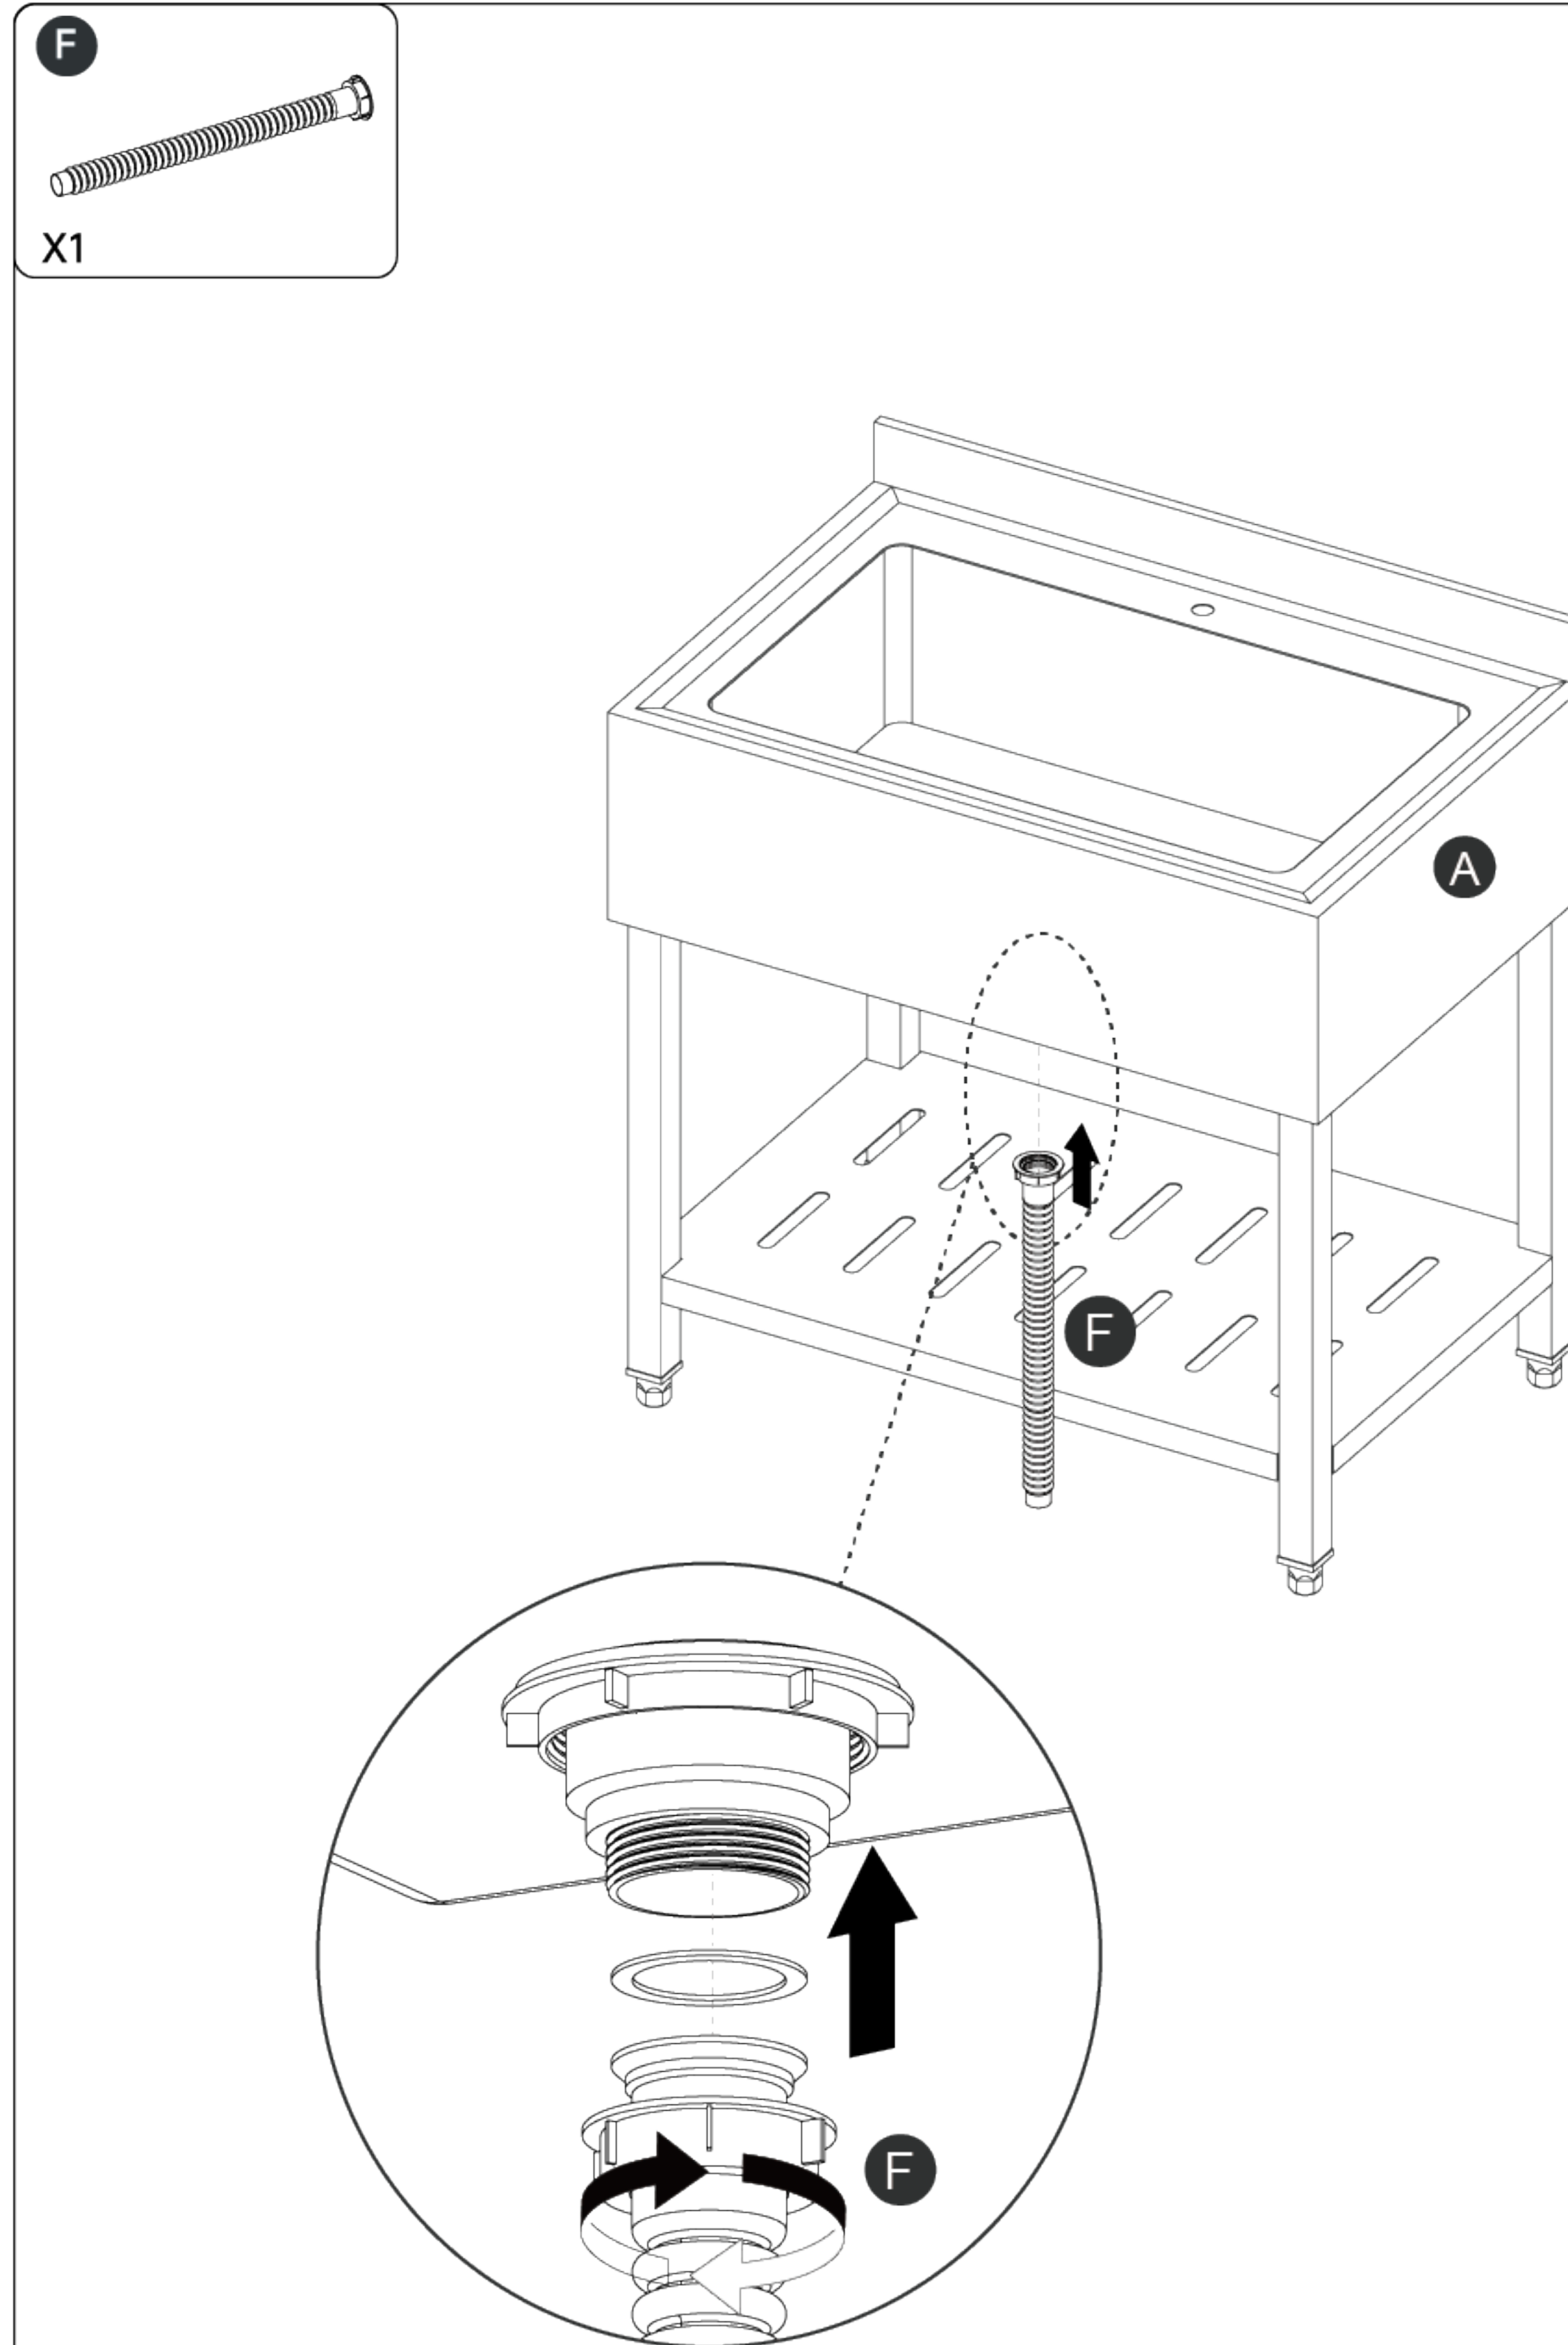

Step 3

Install accessory E on the drain hole of the sink.

Step 4

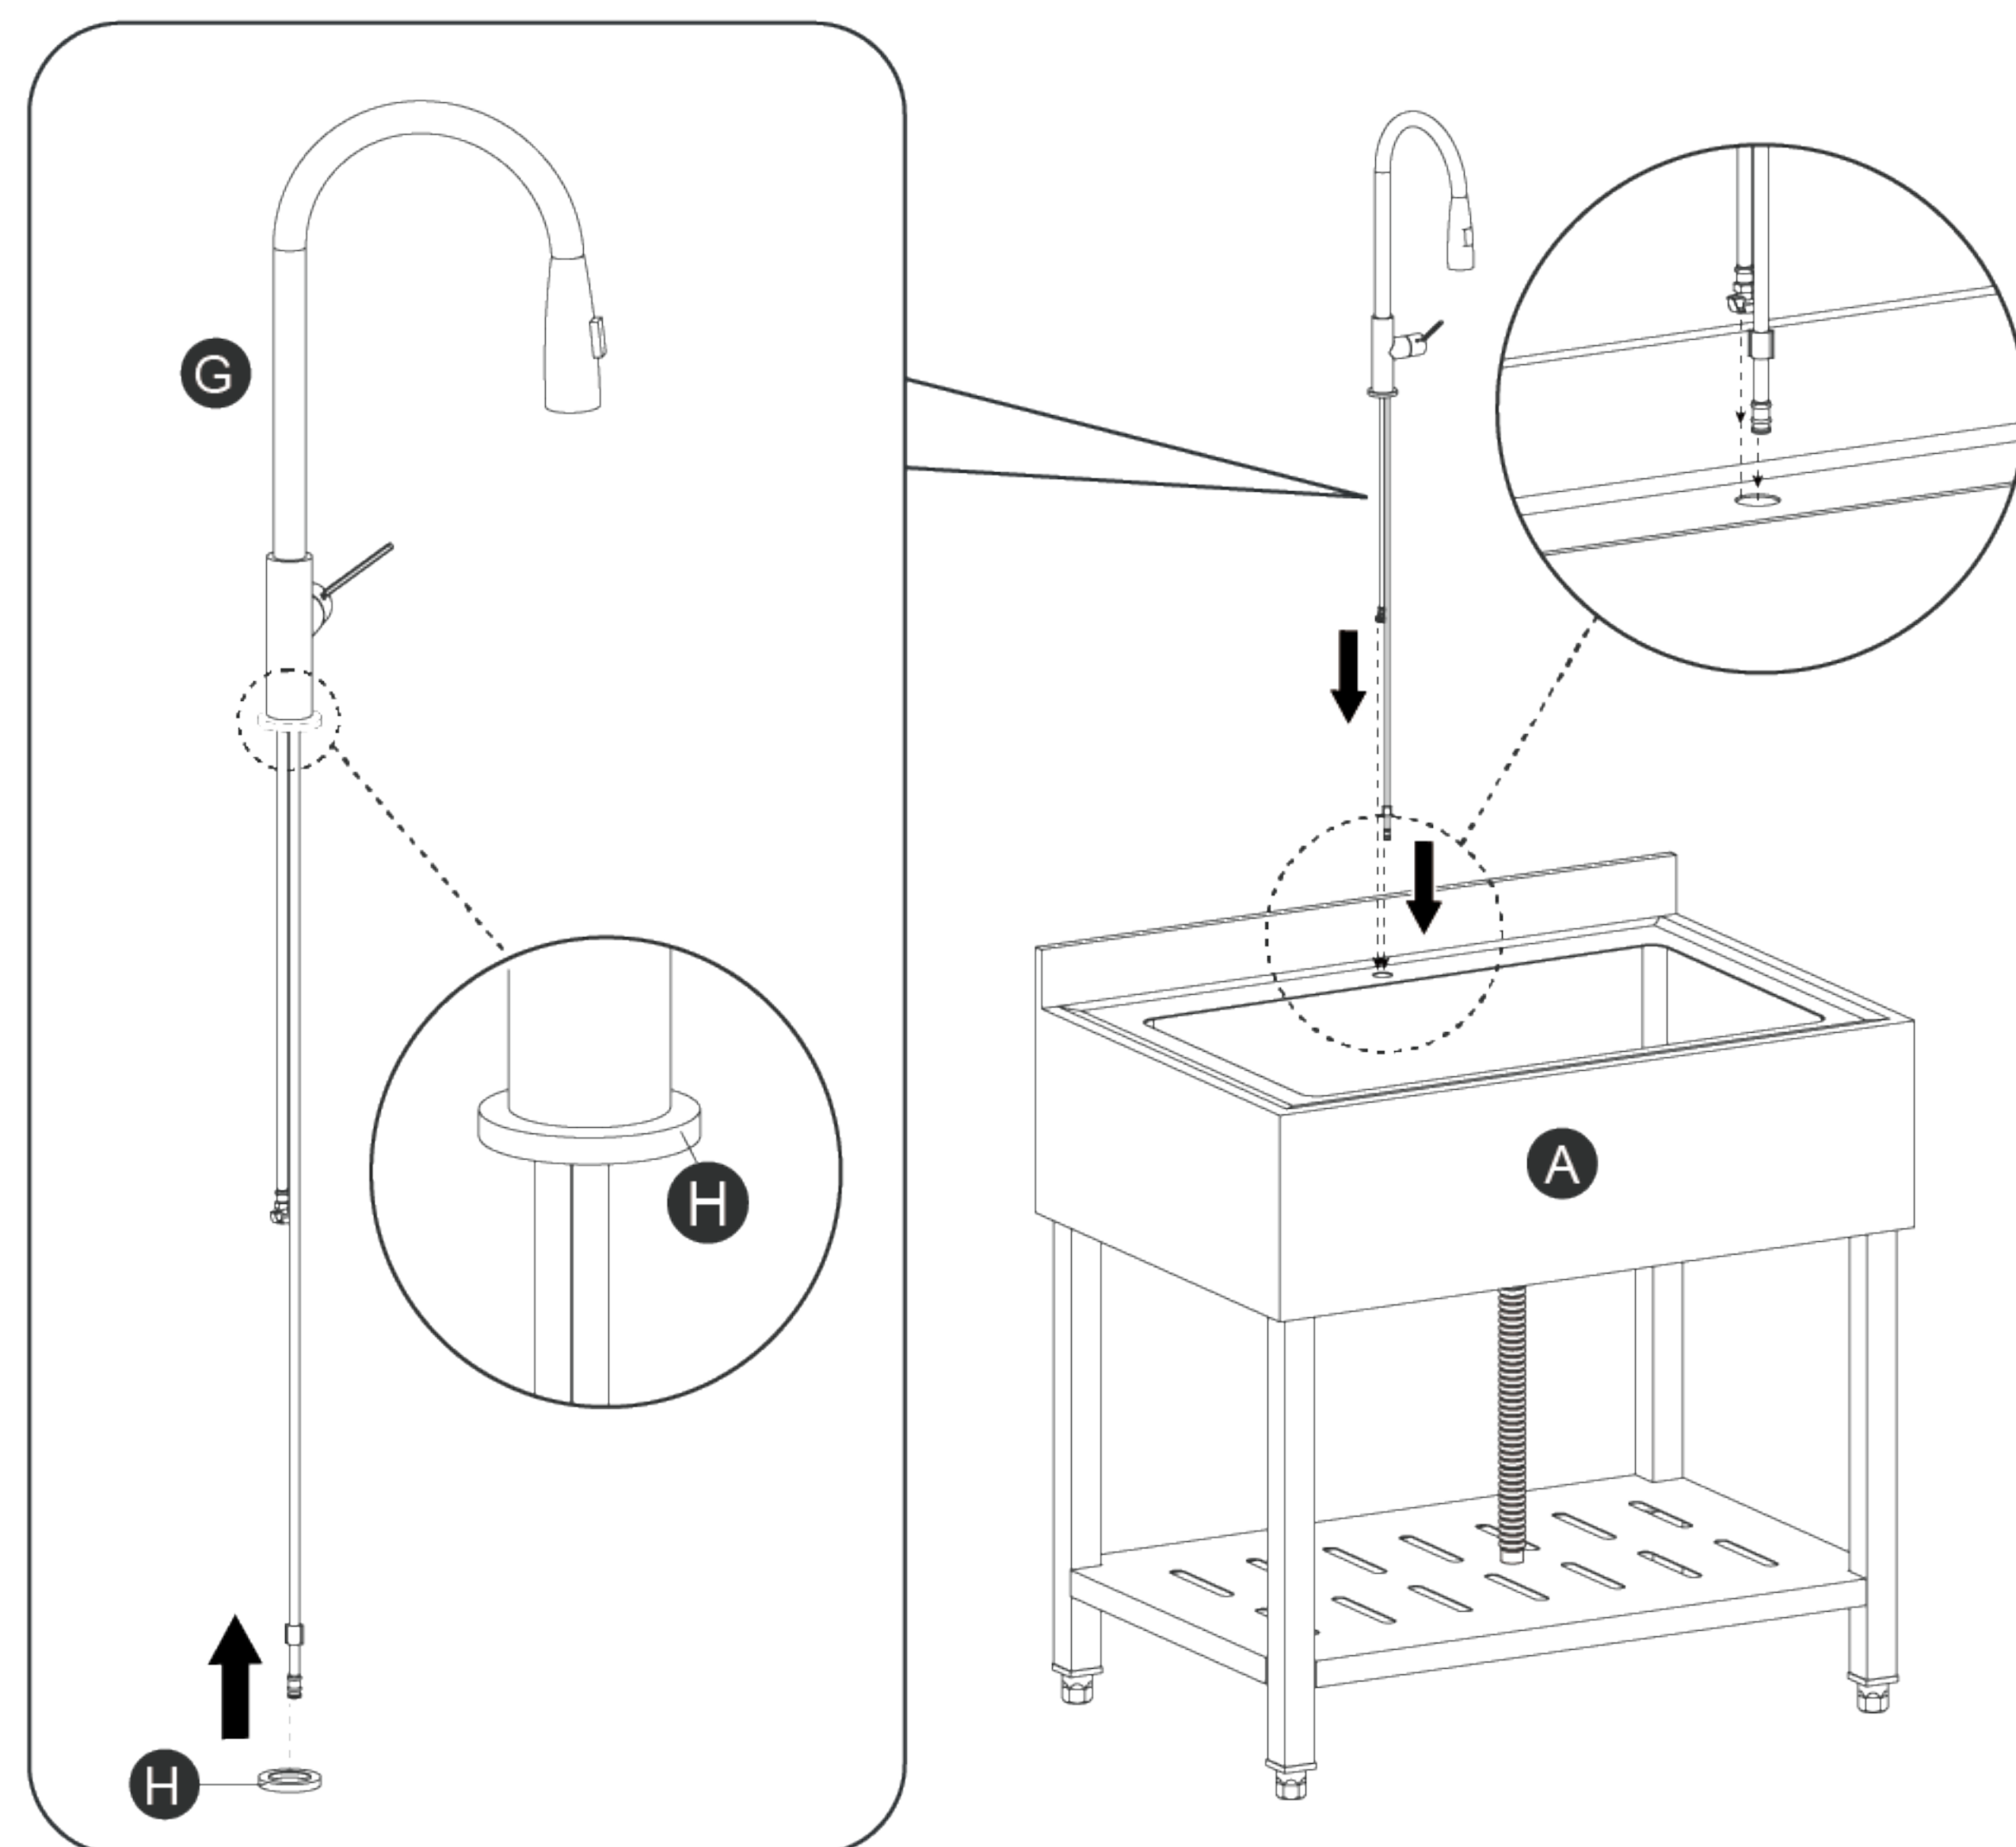

Install fitting F to connection E of the sink.

Step 5

H

X1

Put the washer H through the bottom of the faucet pipe from bottom to top. Then put the faucet pipe into the corresponding faucet notch of the sink frame.

Step 6

K

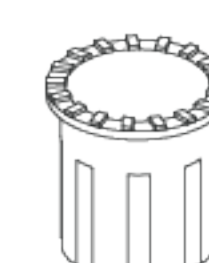

X1

J

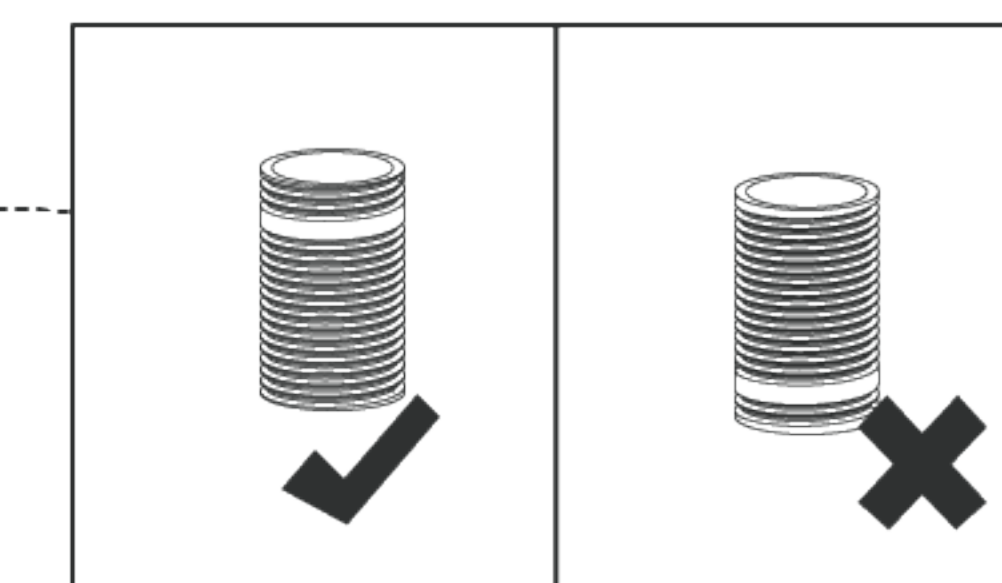

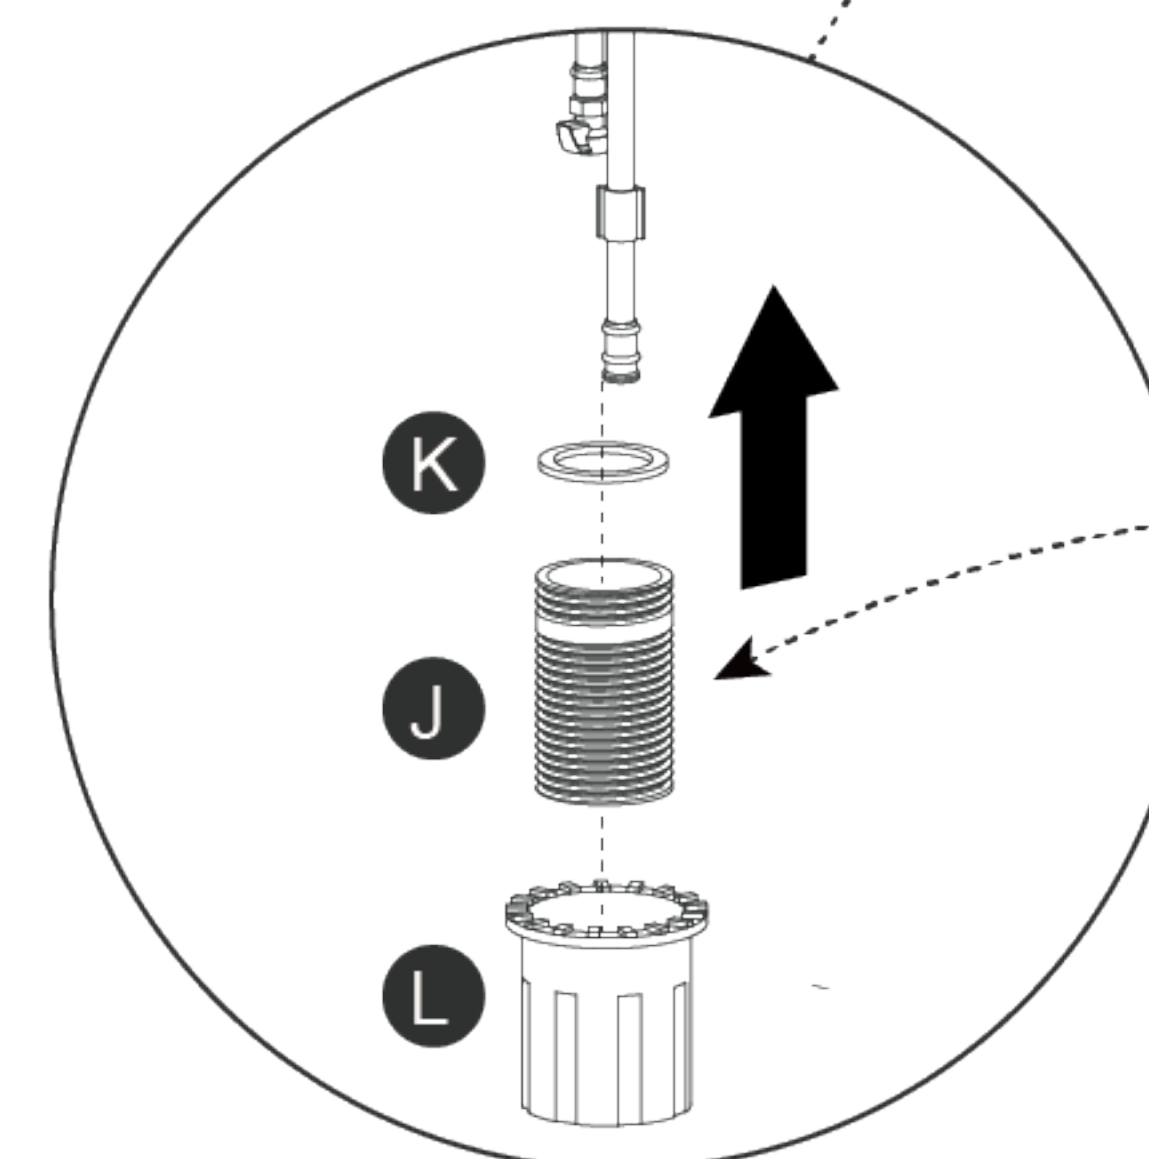

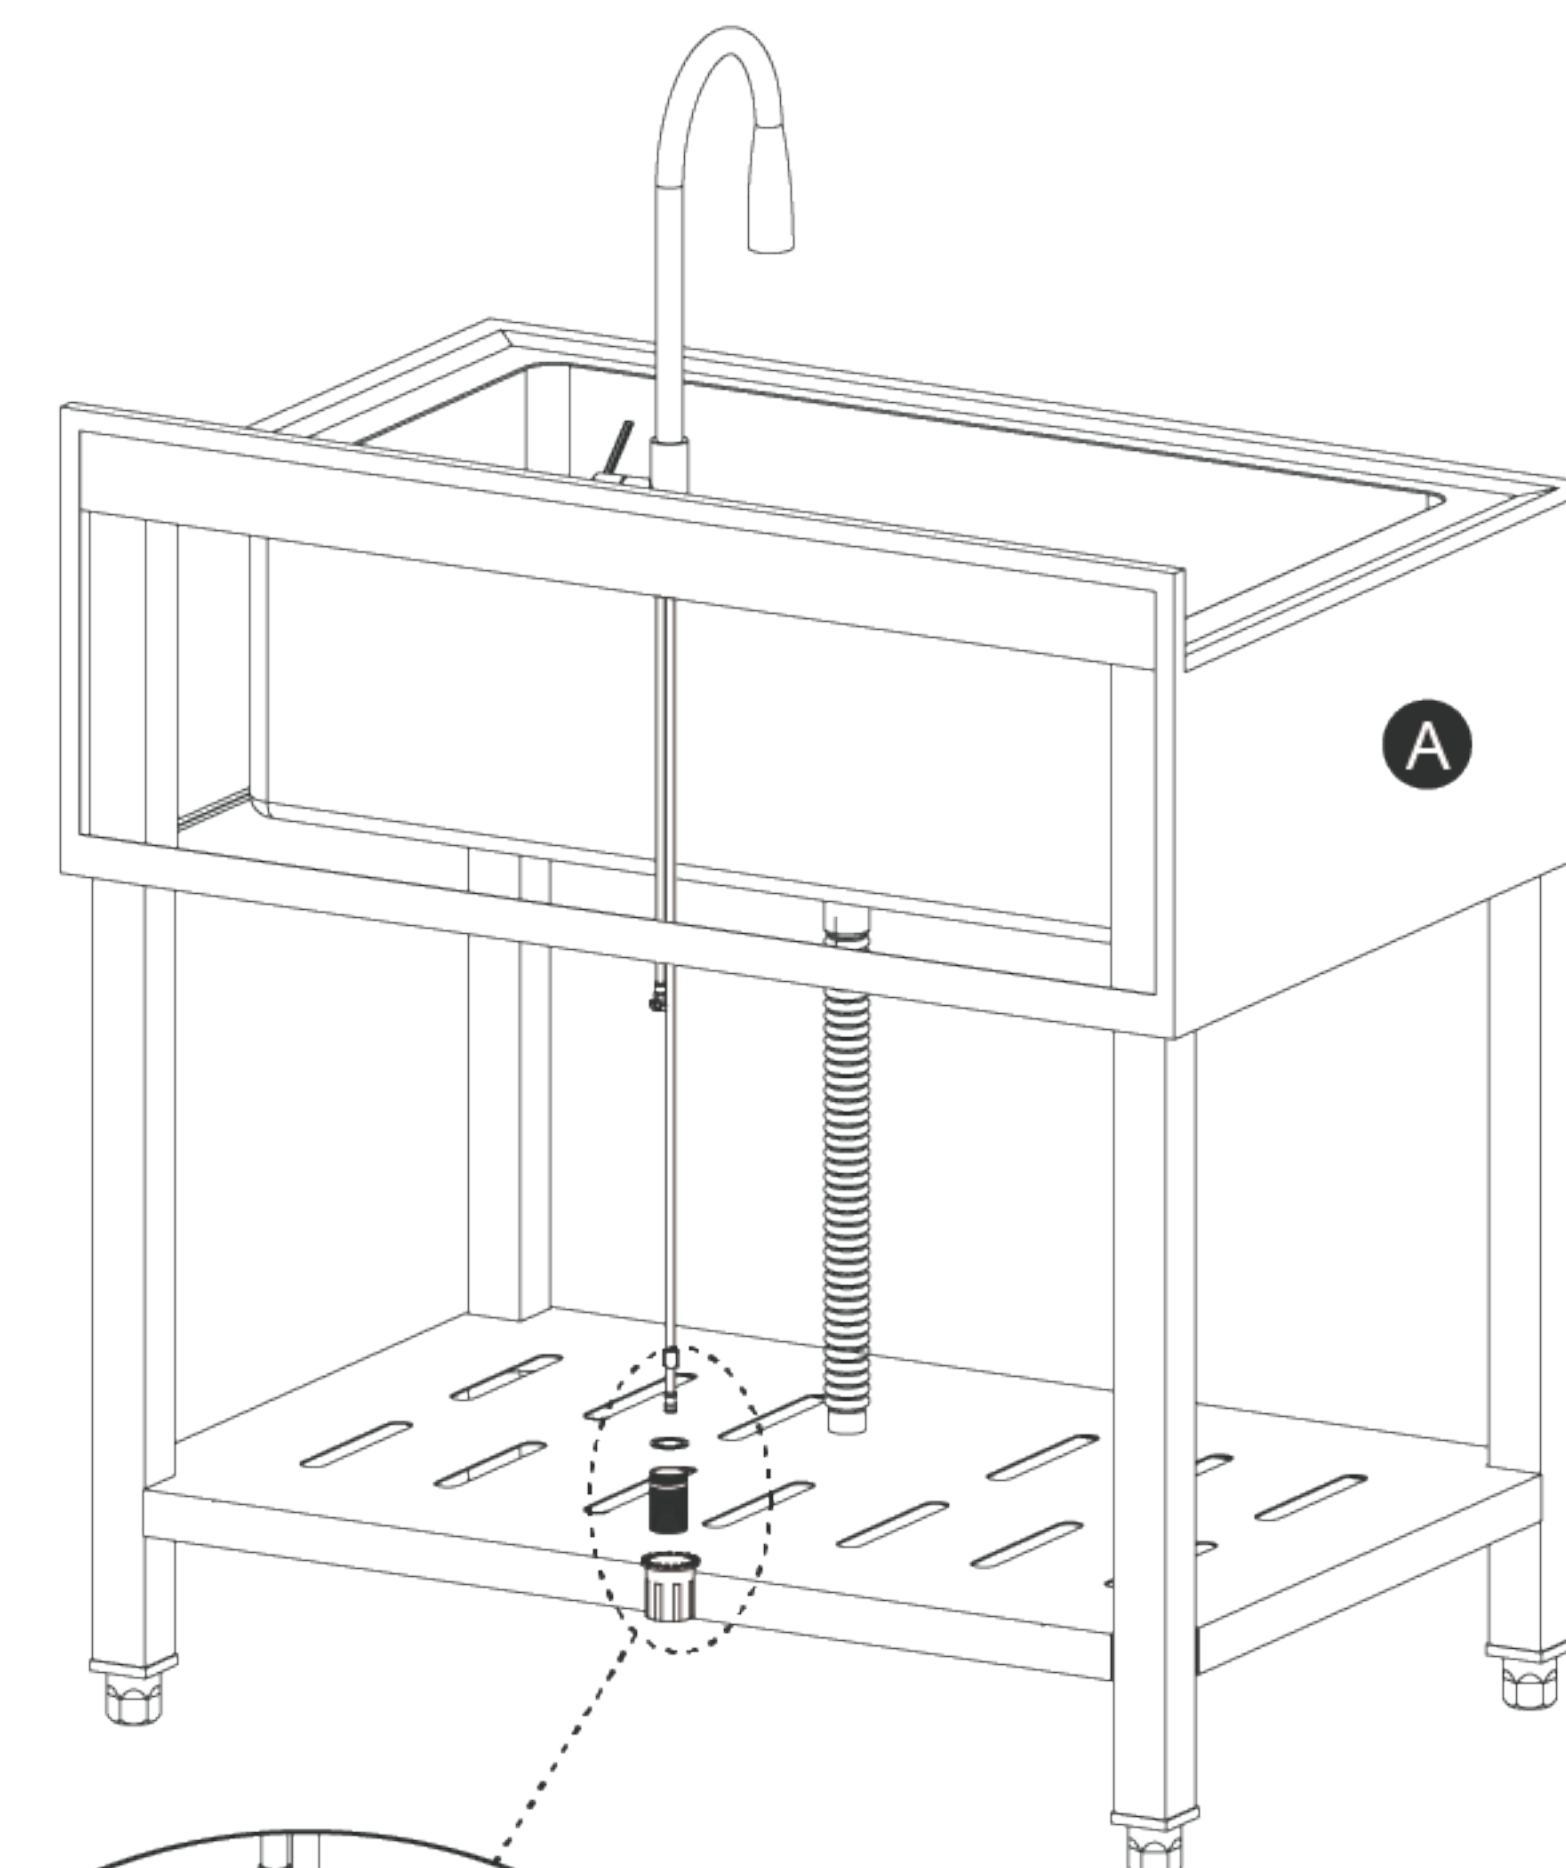

X1

L

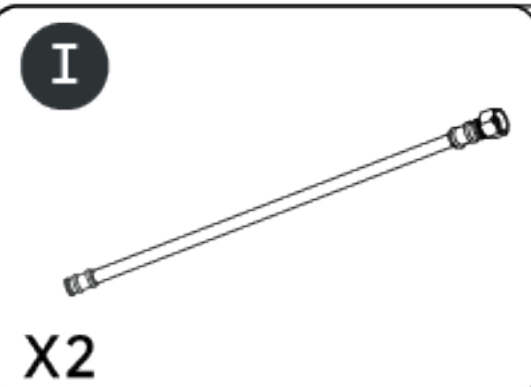

X1

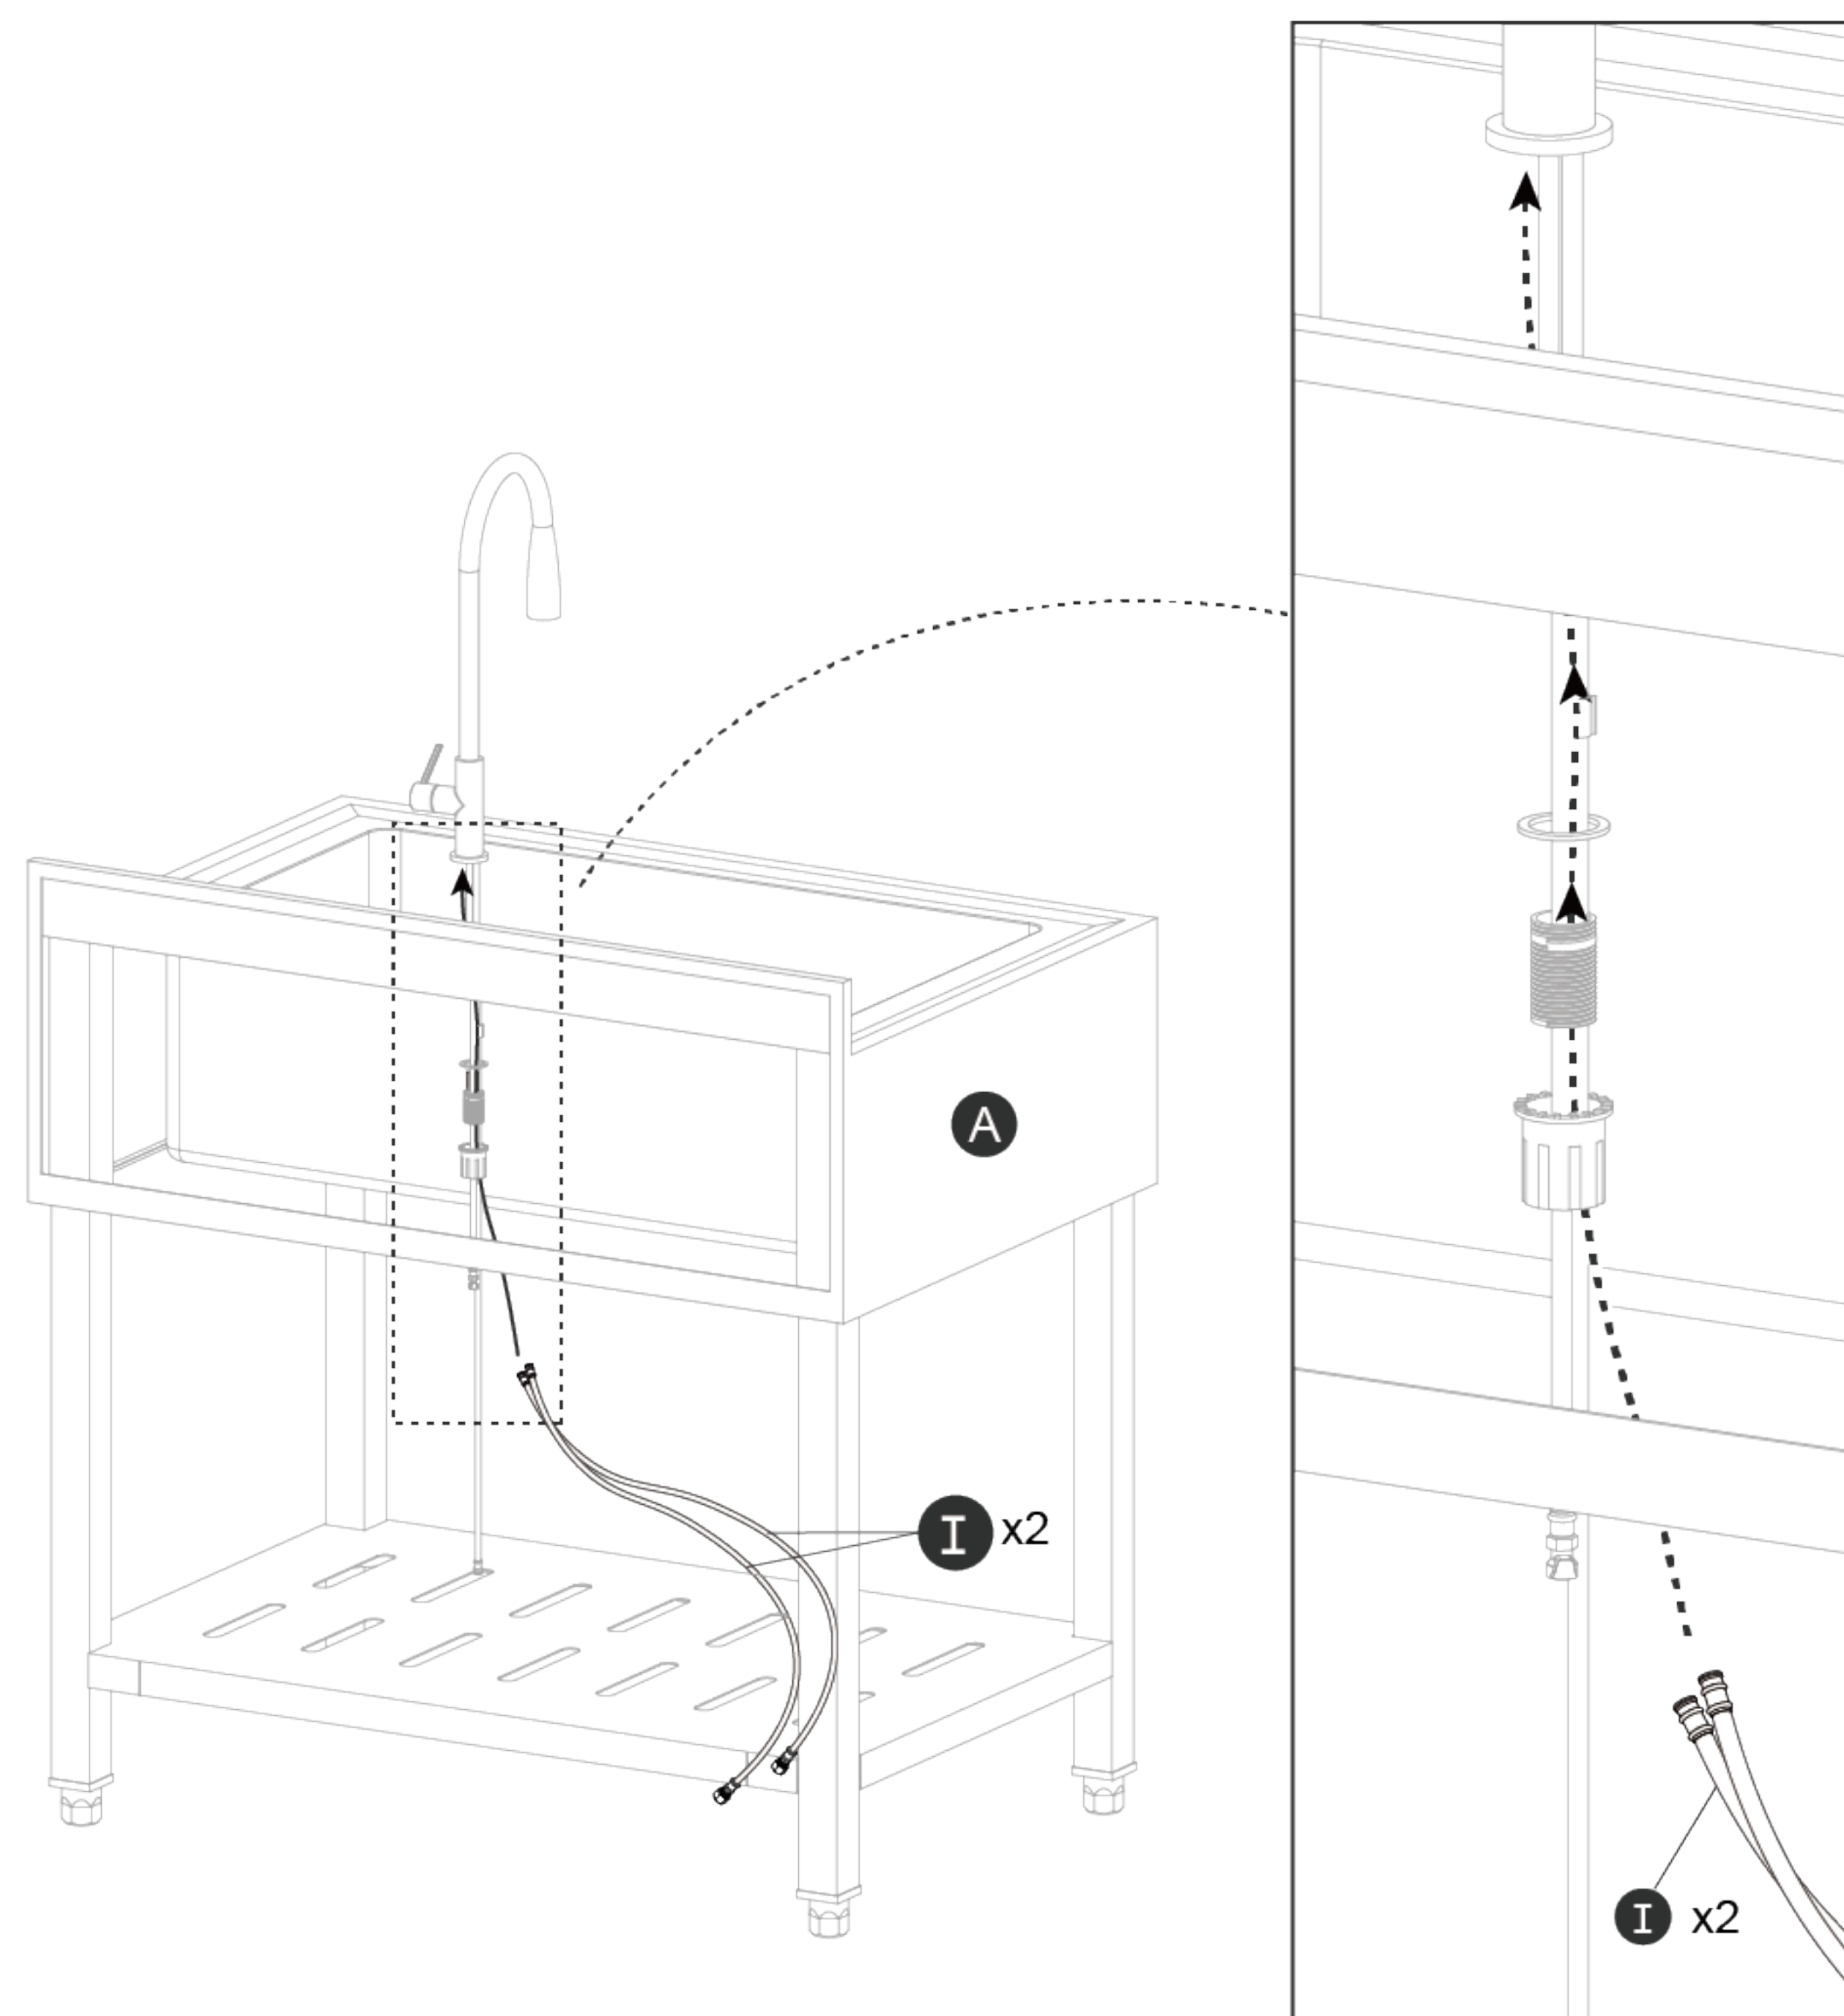

⚠ Note: Direction of accessory J

Insert the washer K, threaded tube J and threaded port L in turn, just penetrate into the tube without tightening it all the time.

Step 7

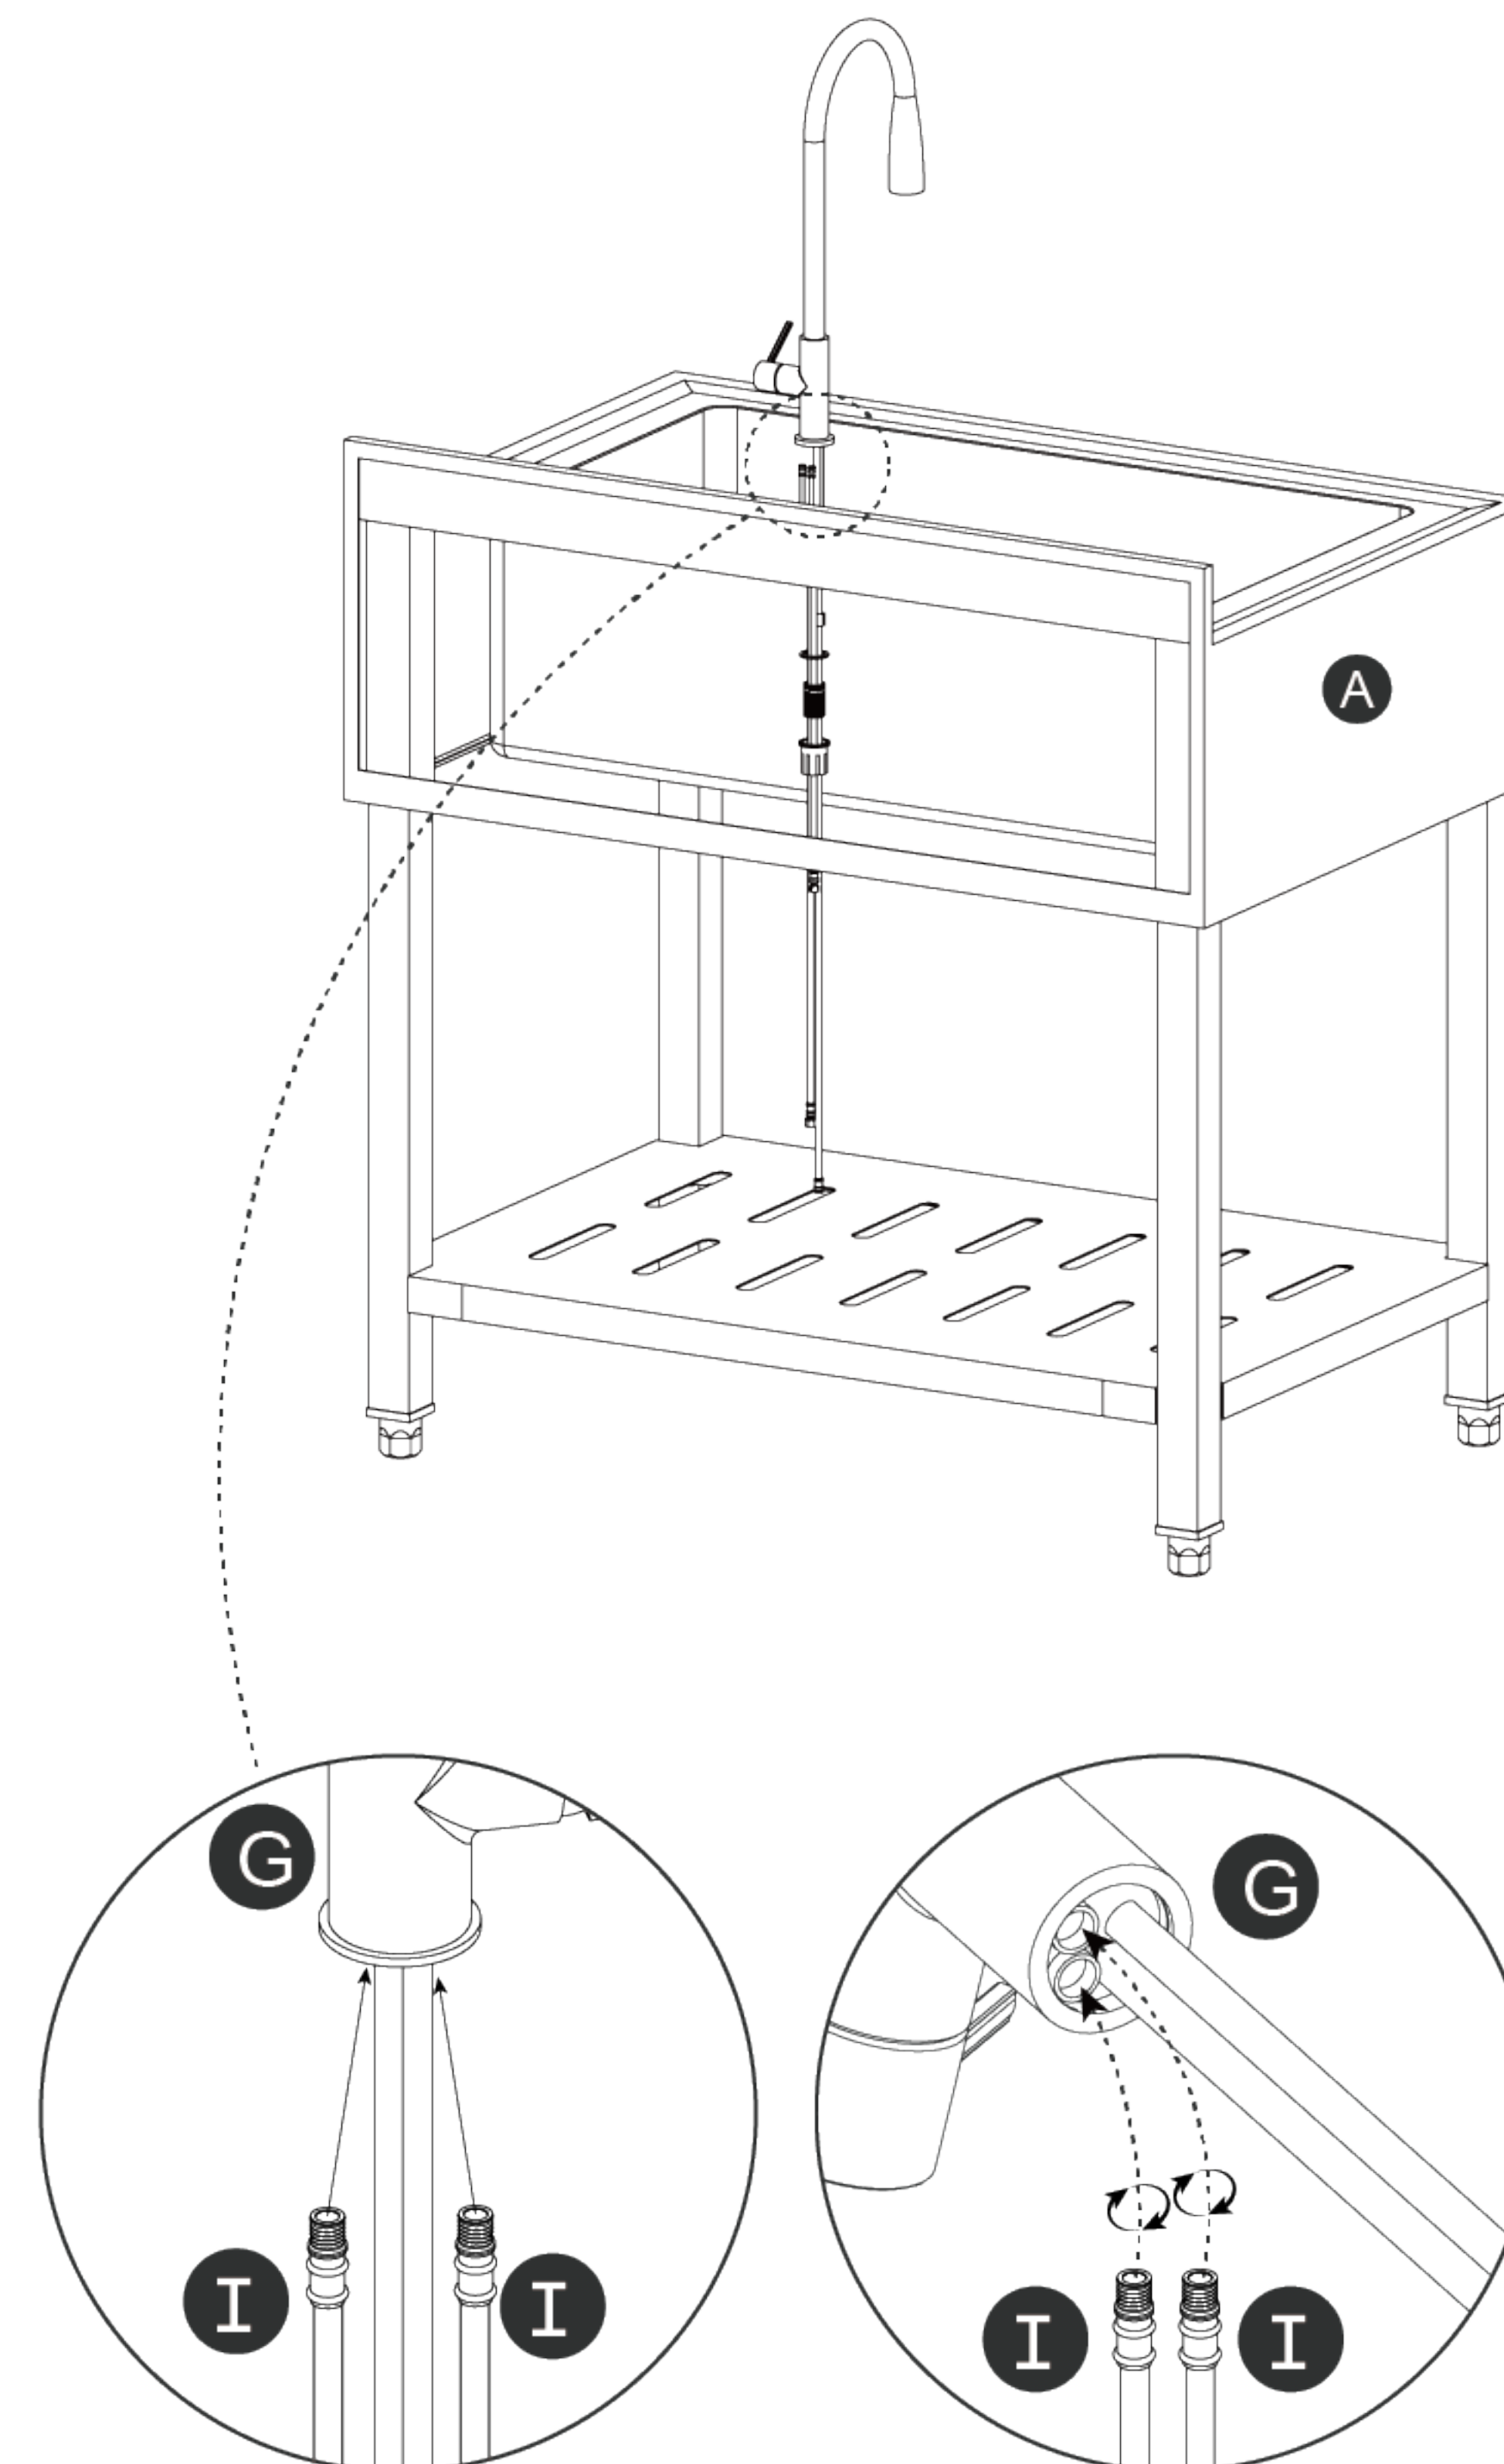

⚠ Accessory I, the blue stripe is the cold water pipe, and the red stripe is the hot water pipe.

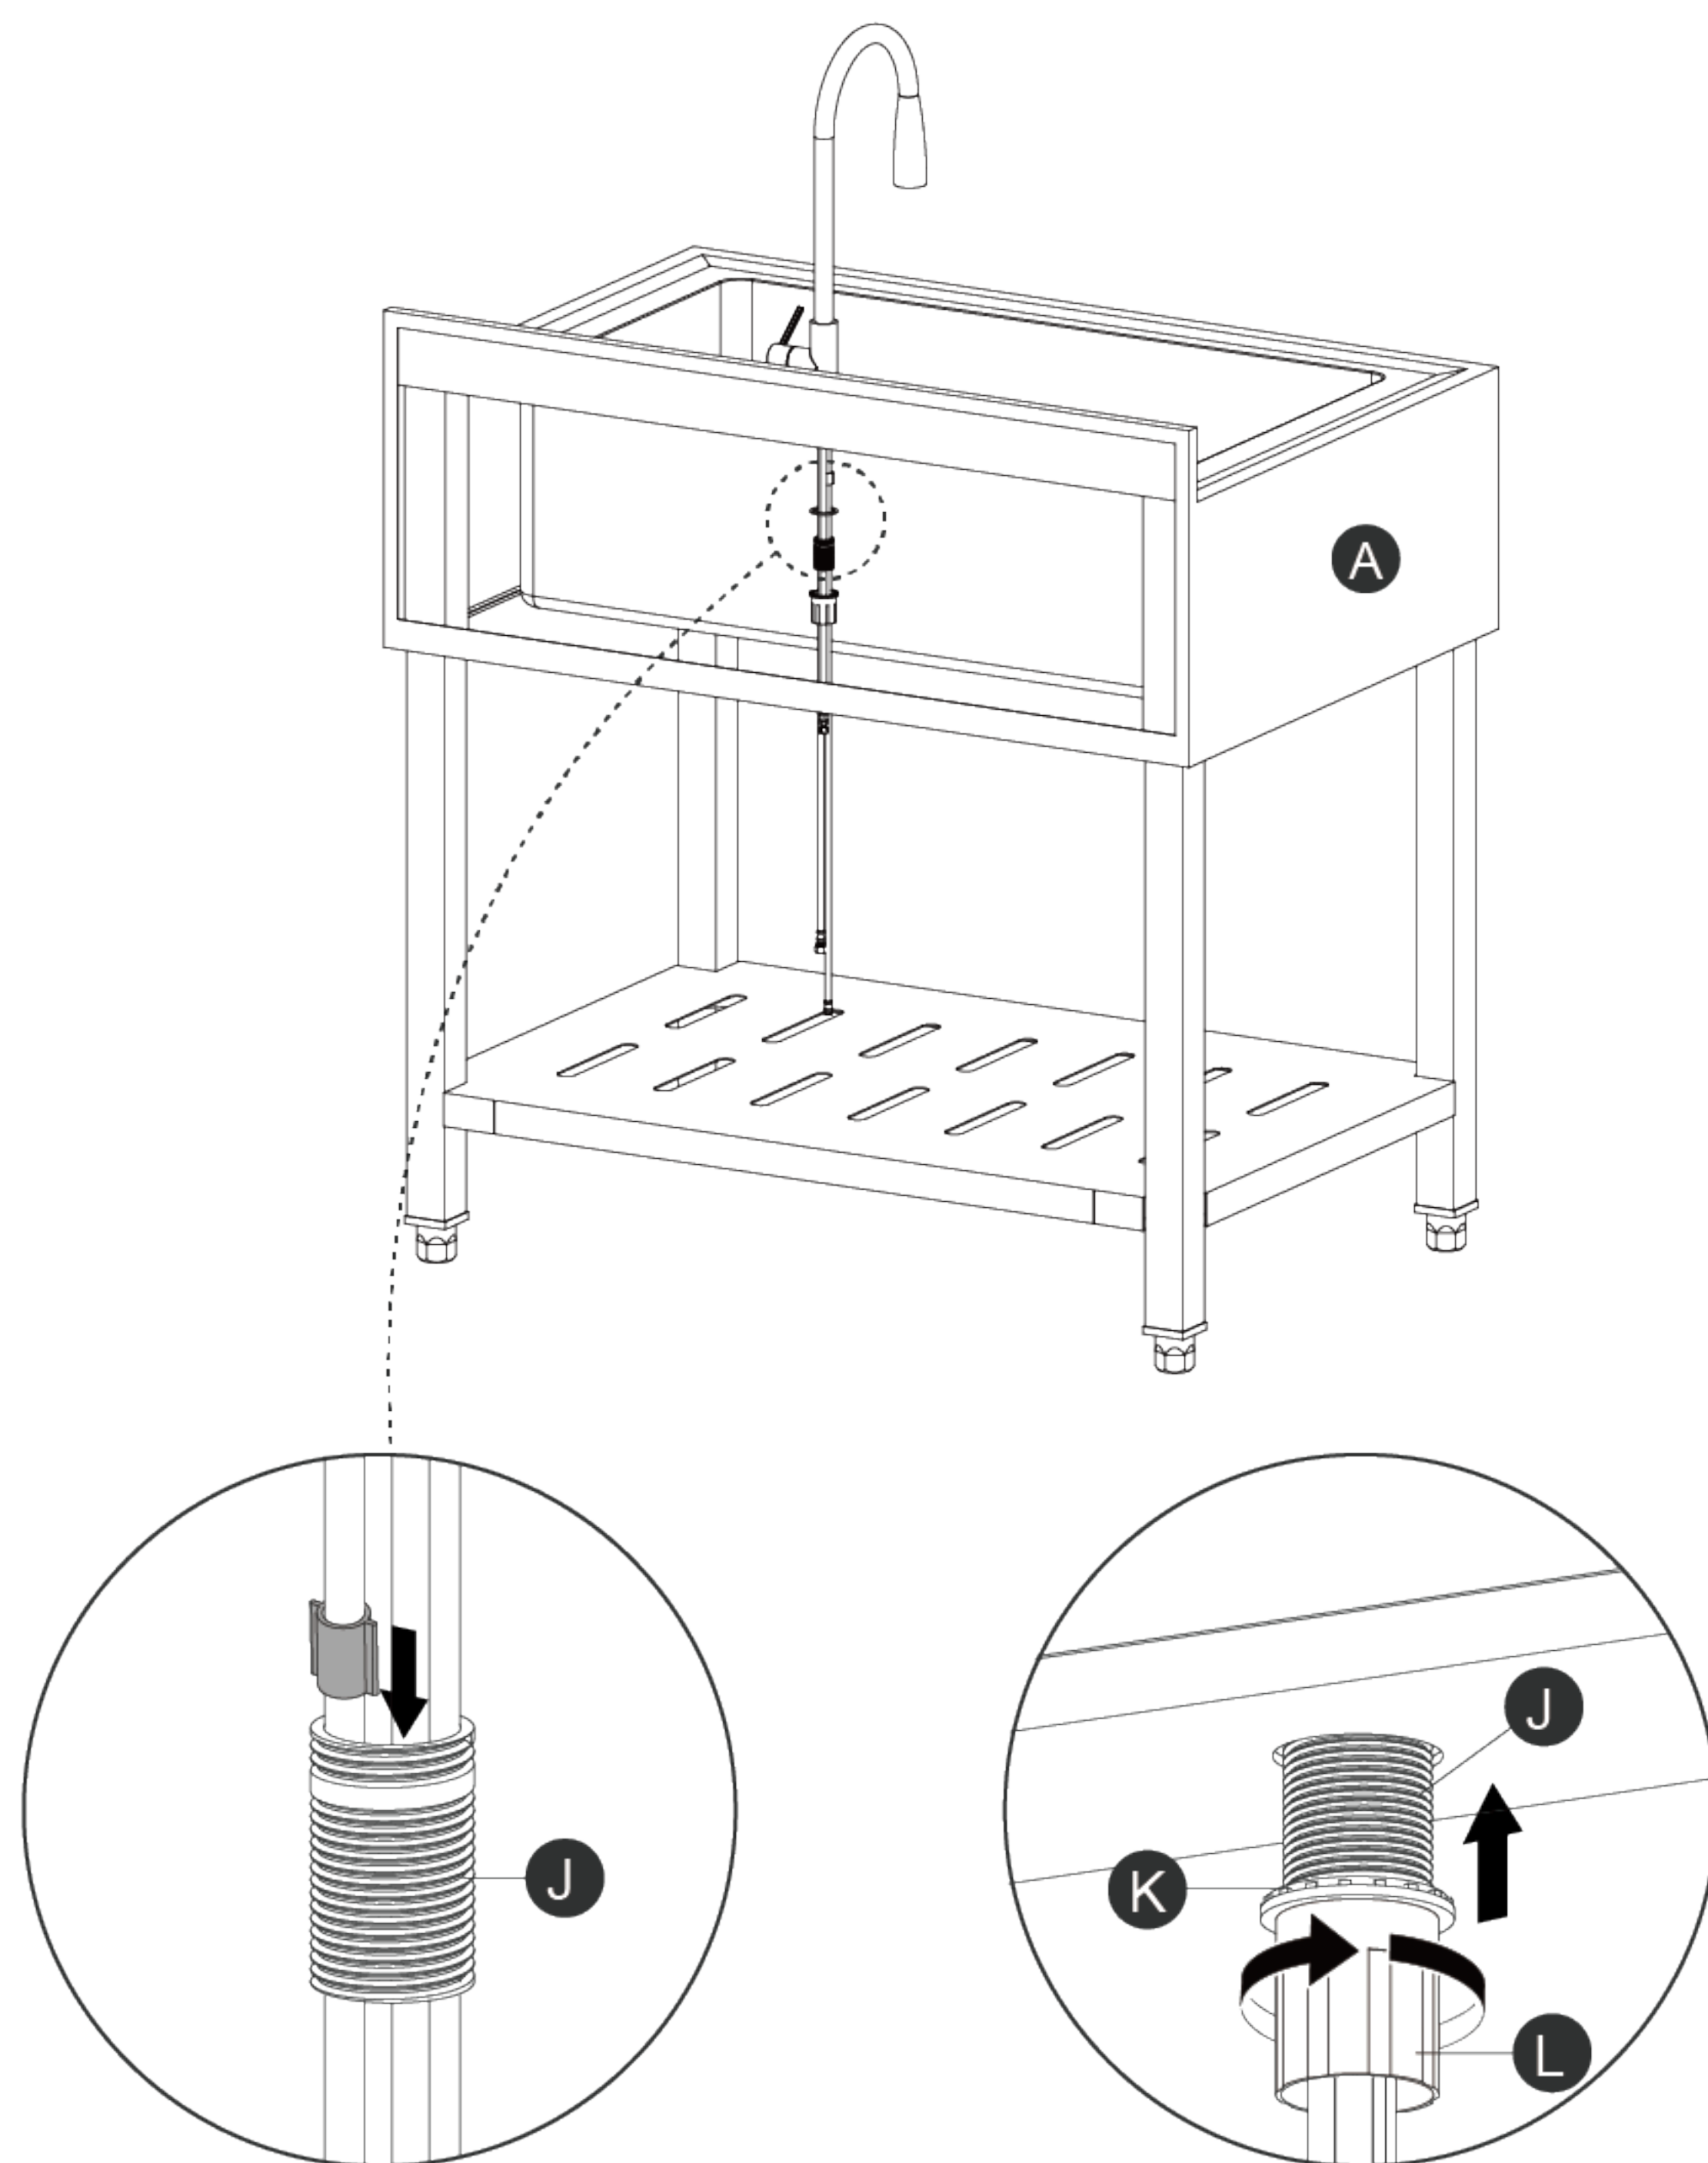

Insert them into the faucet position one by one.

Step 8

Screw the threaded head I into the two holes at the bottom of the faucet G.

Step 9

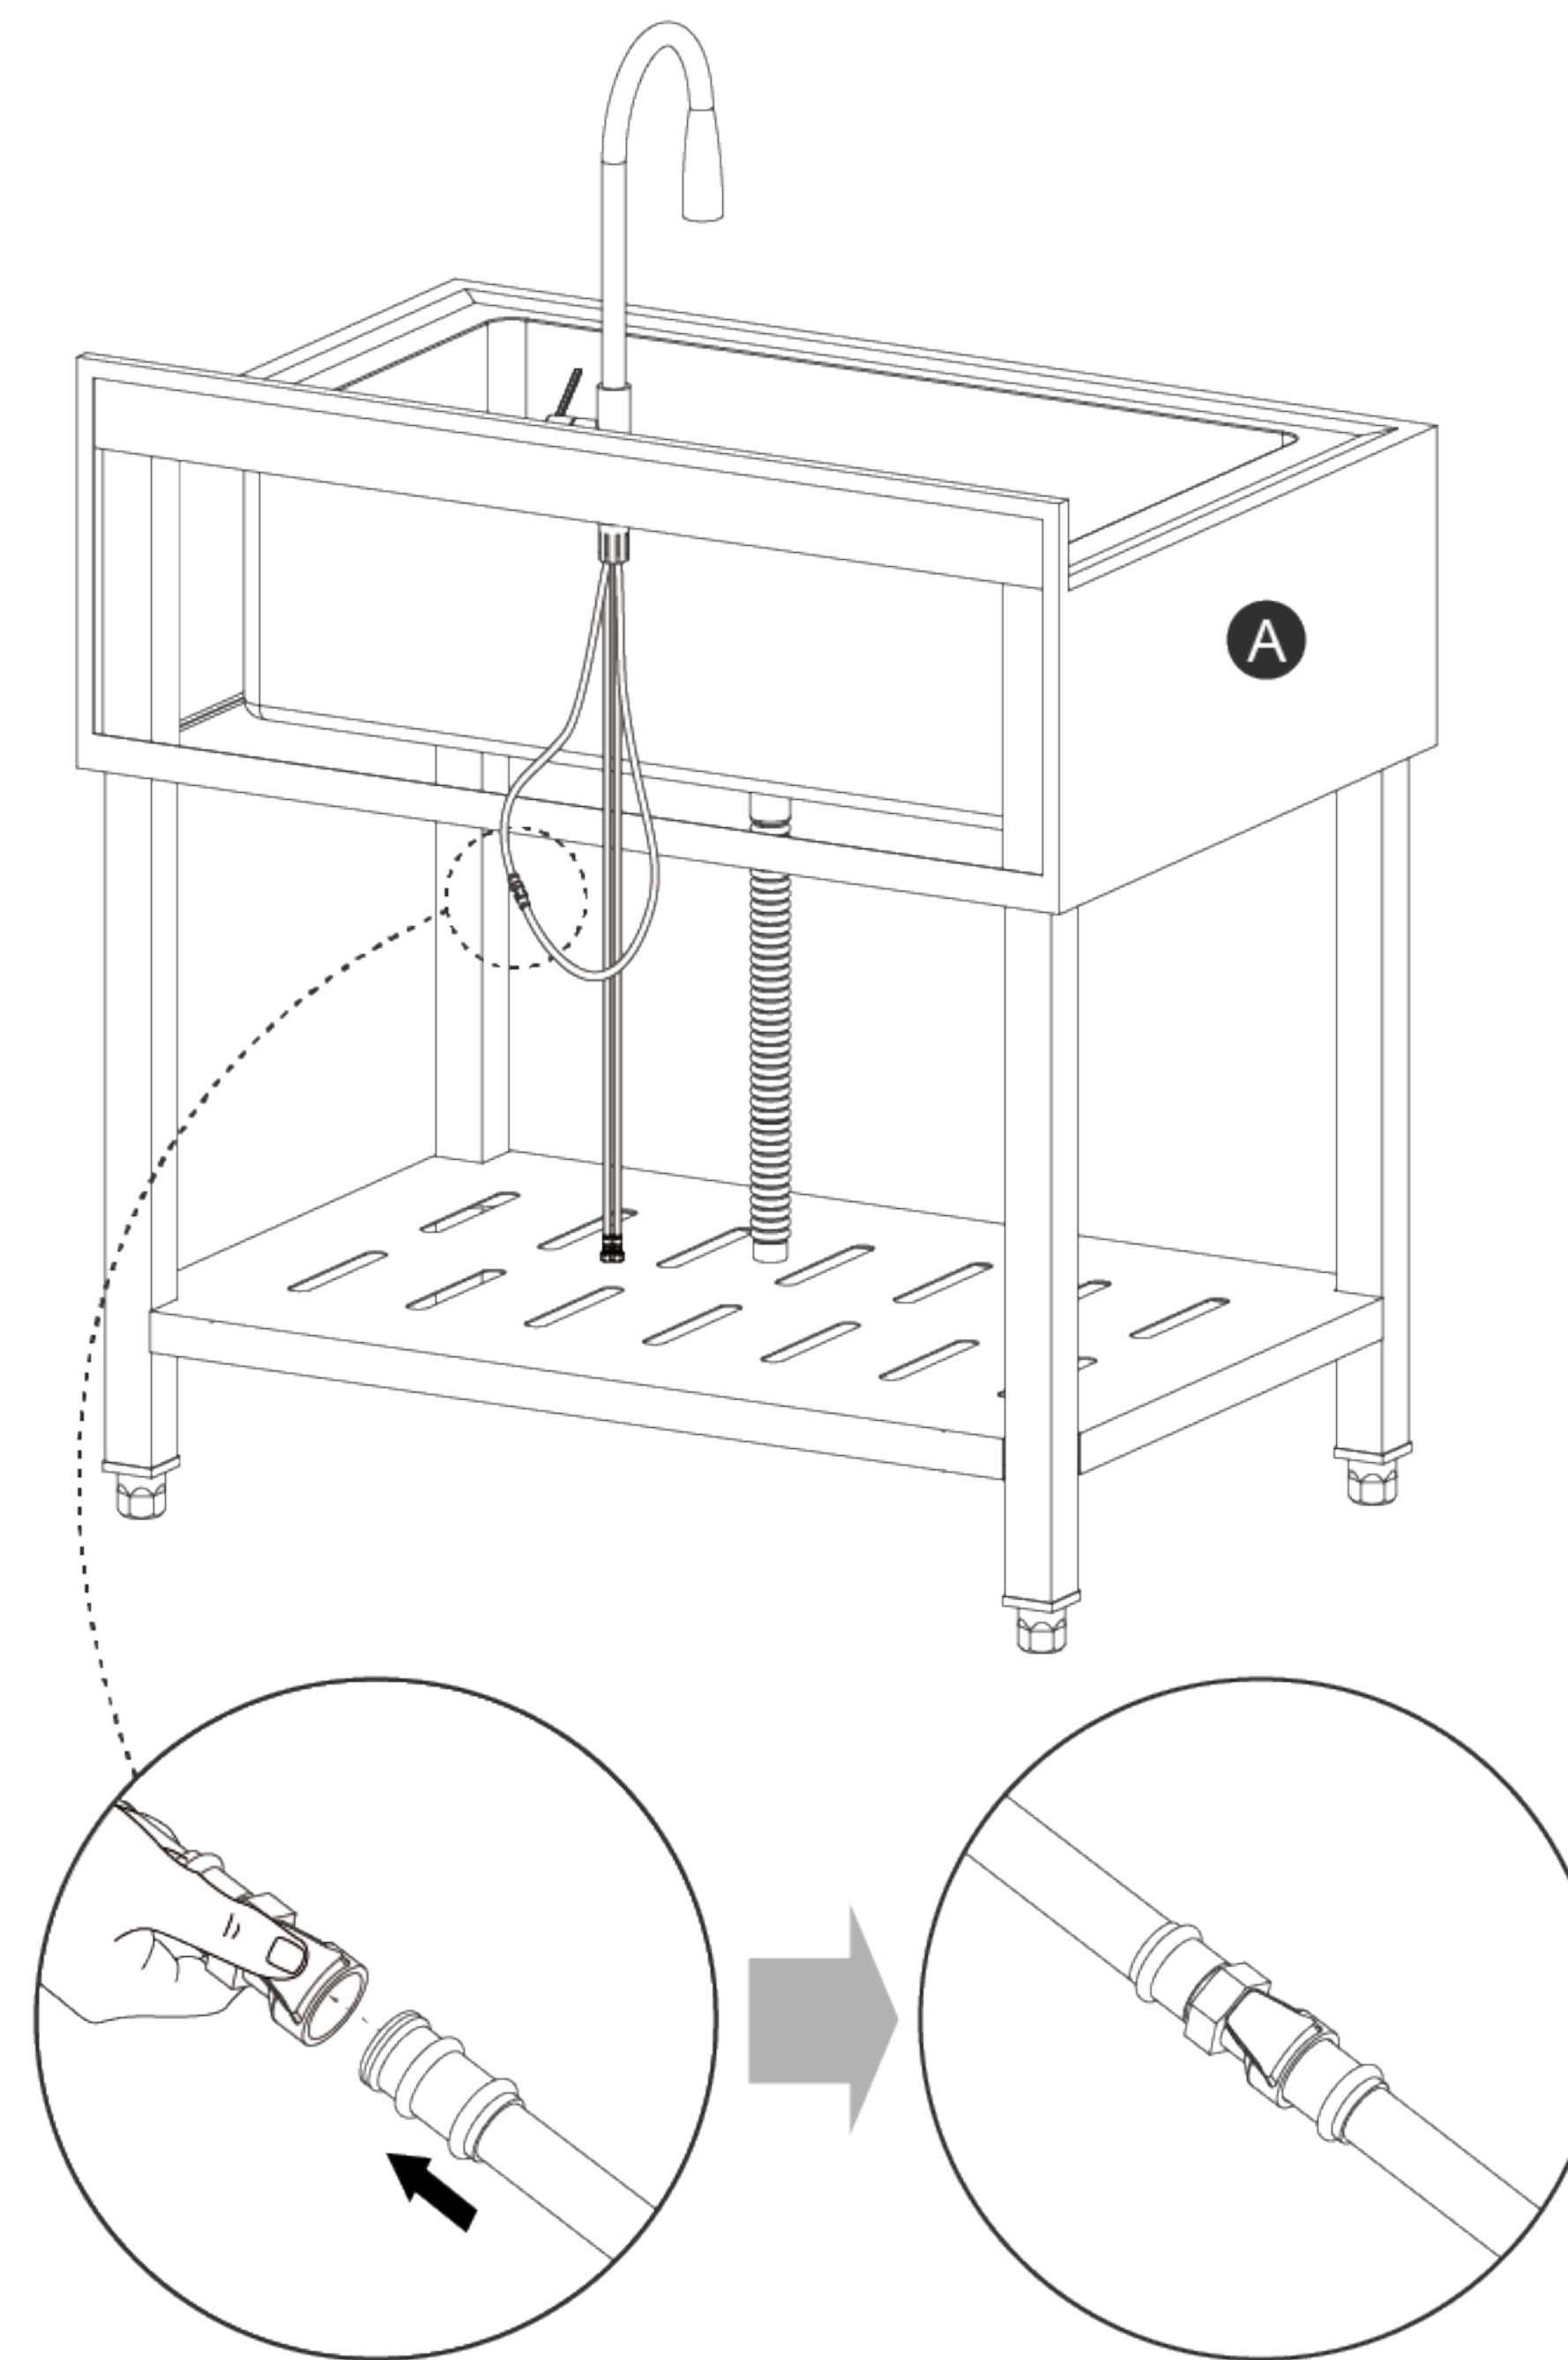

1. The white plastic piece snaps into the tube of fitting J

2. Tighten fittings J, K, L and the bottom of the upper faucet.

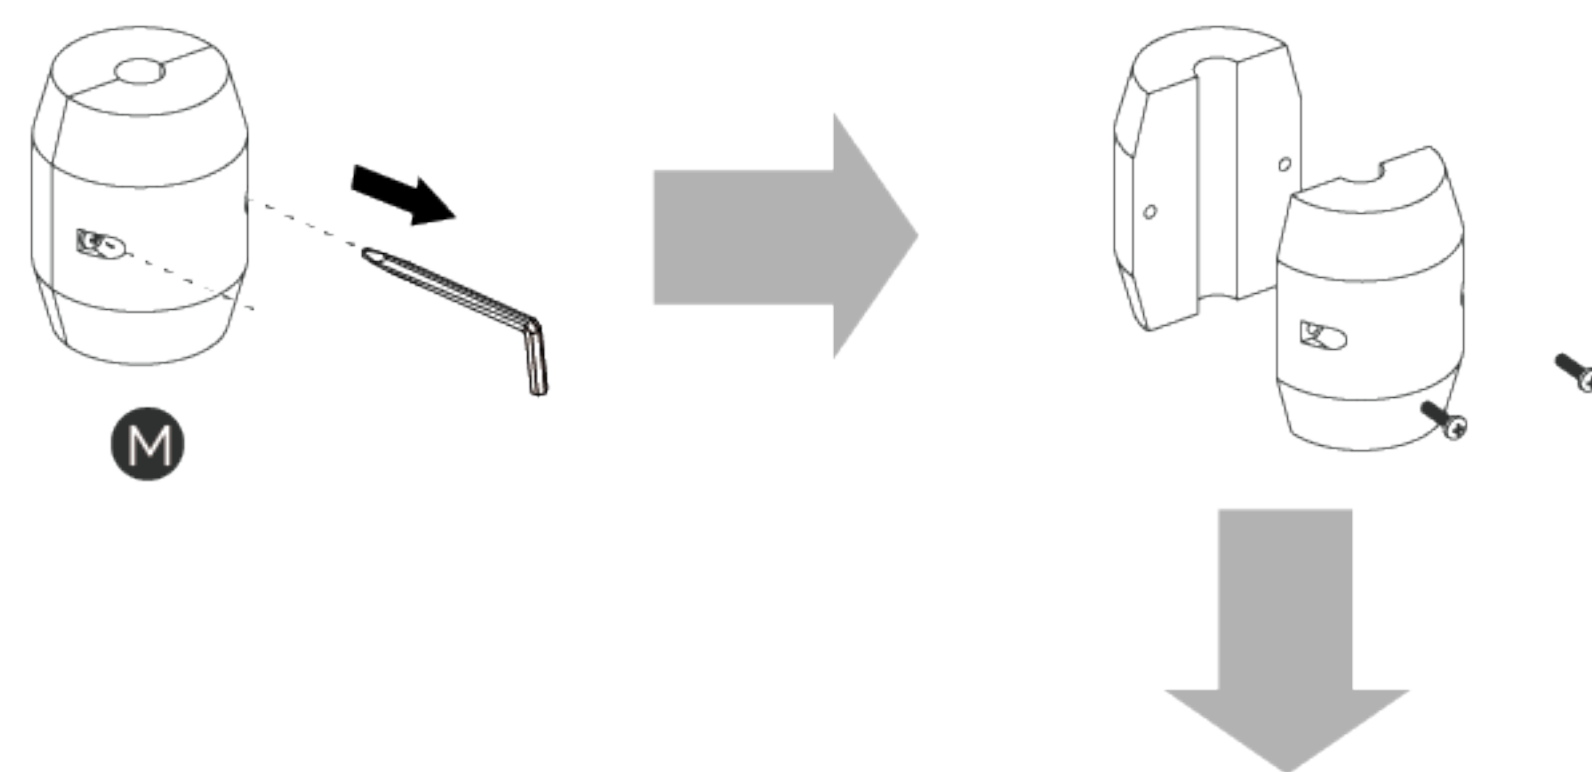

⚠ Note: The tap needs to be pressed down.

Step 10

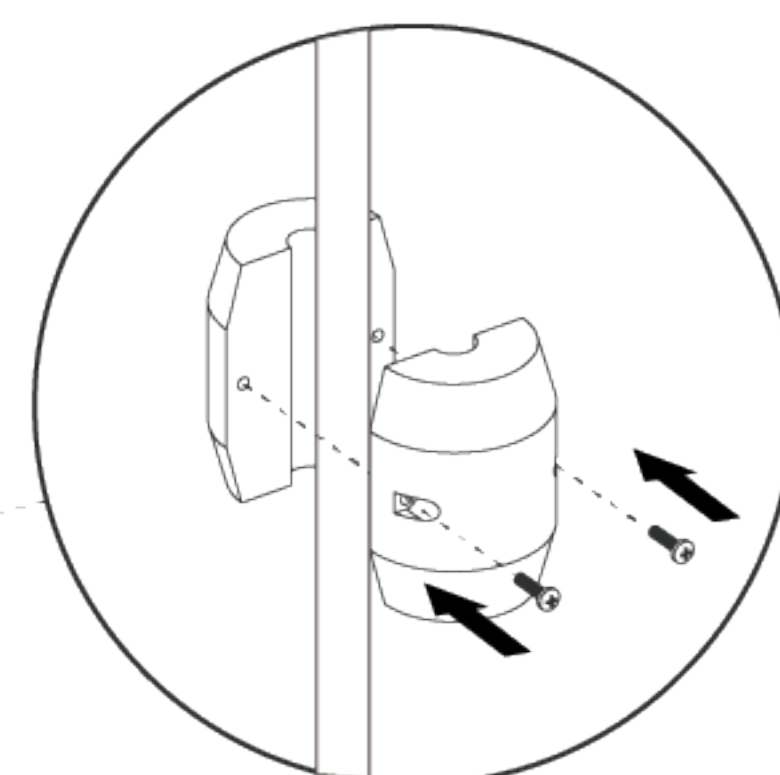

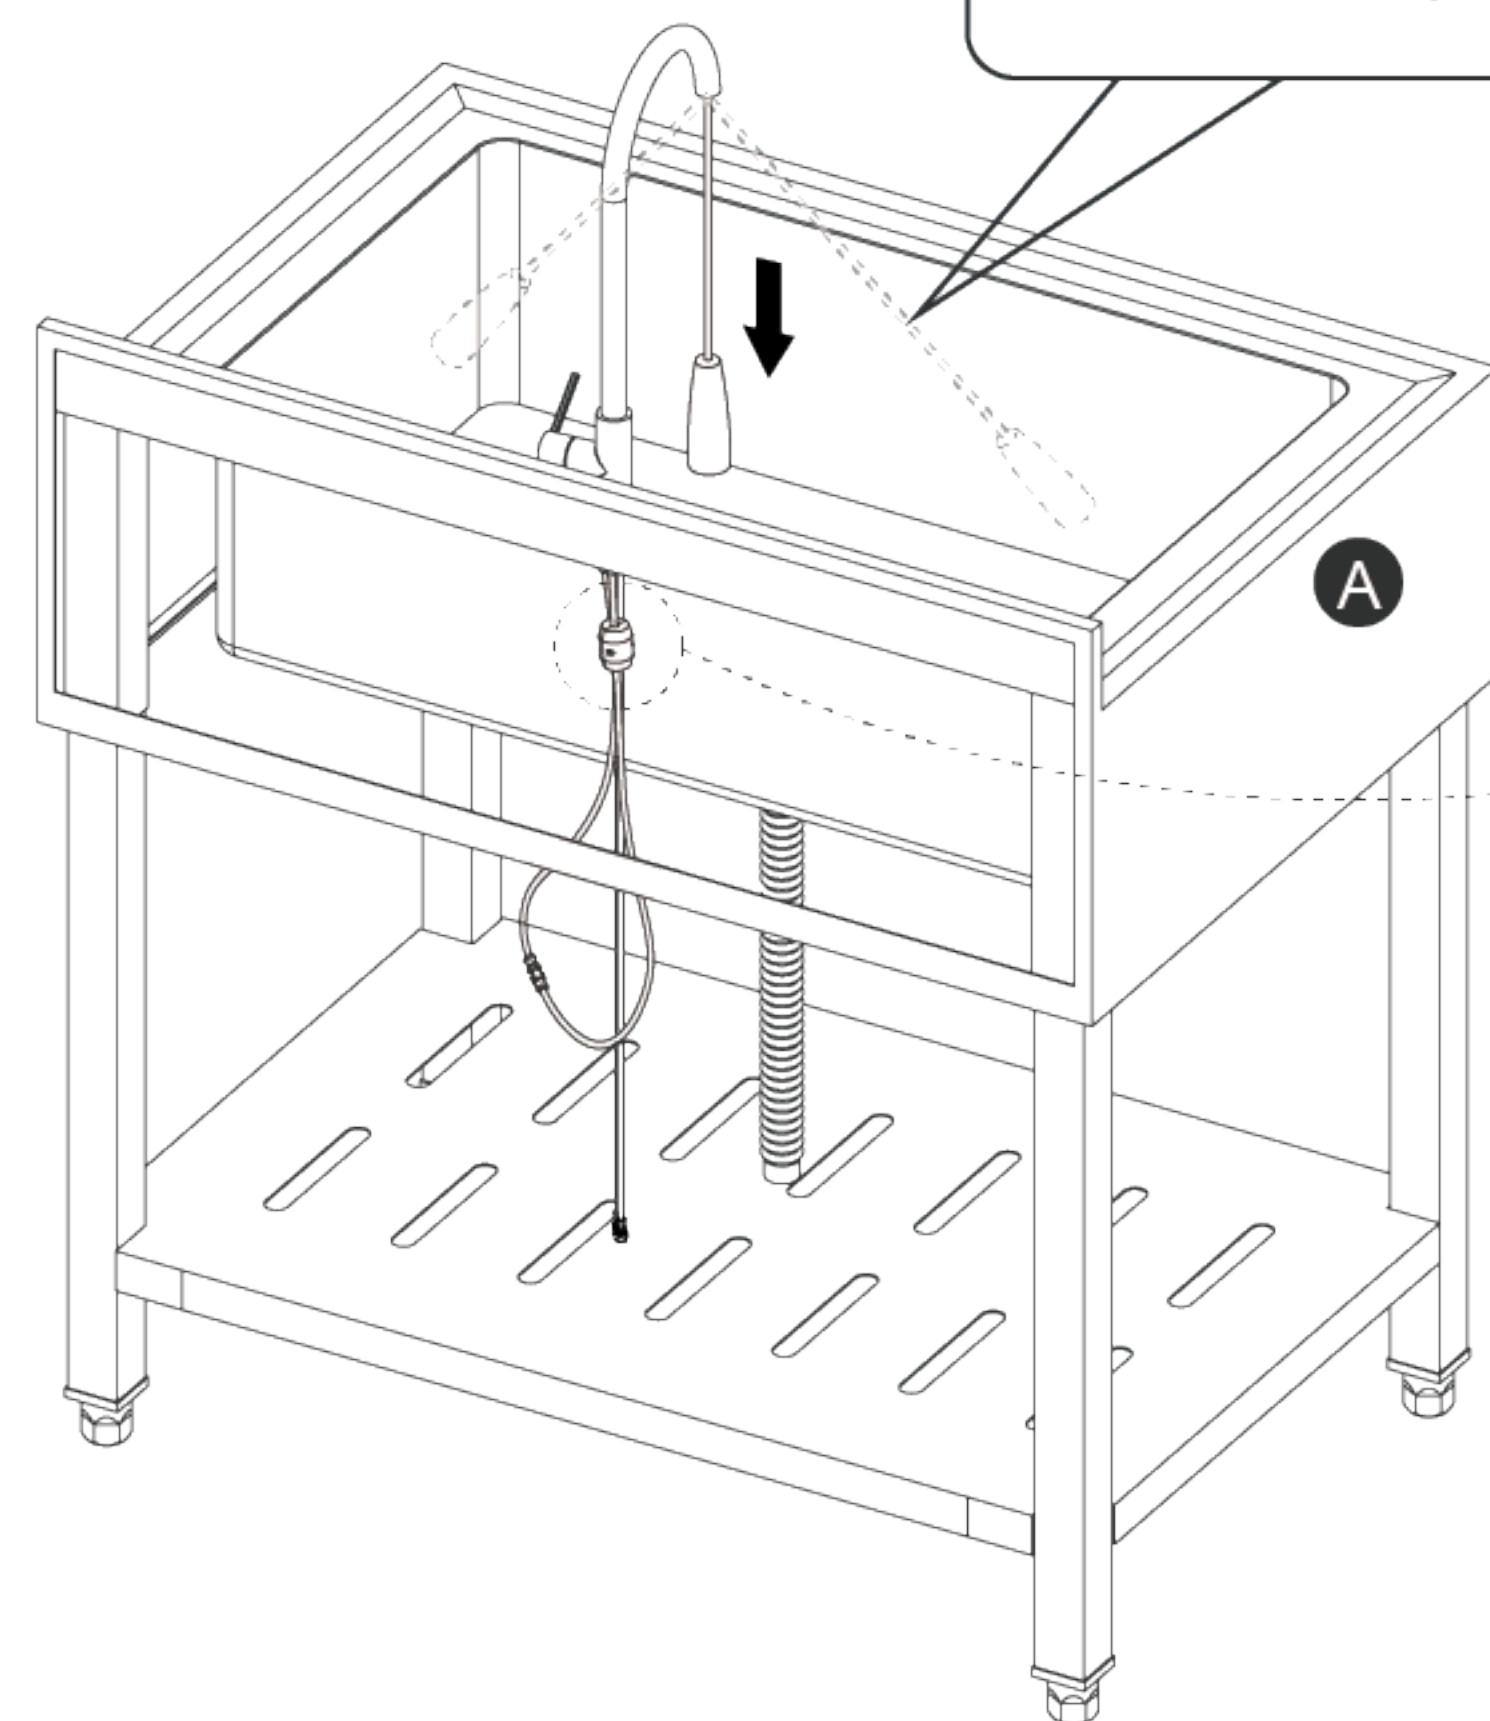

Press the button with your hand and insert the other end.

Step 11

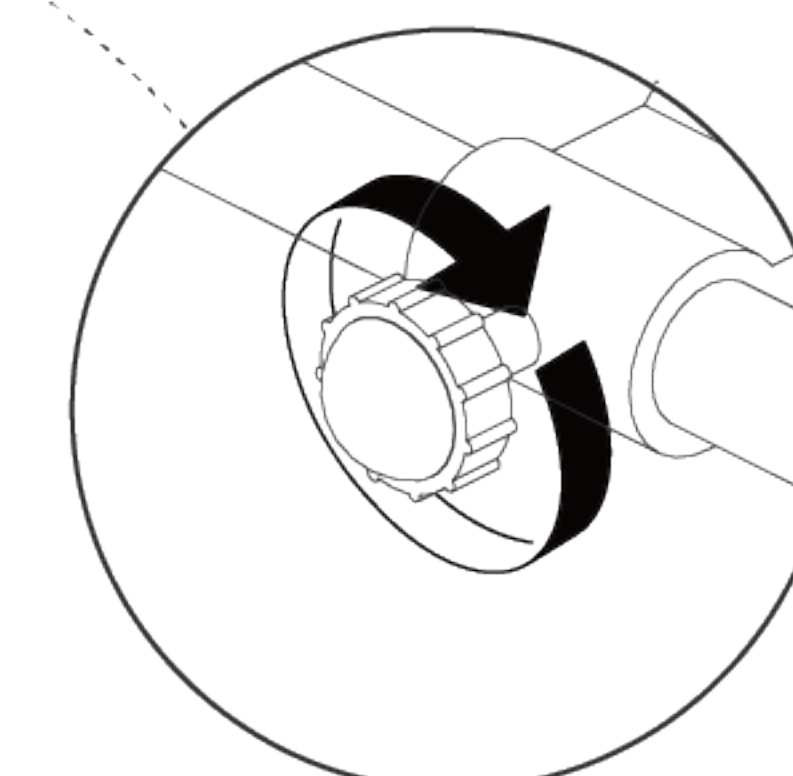

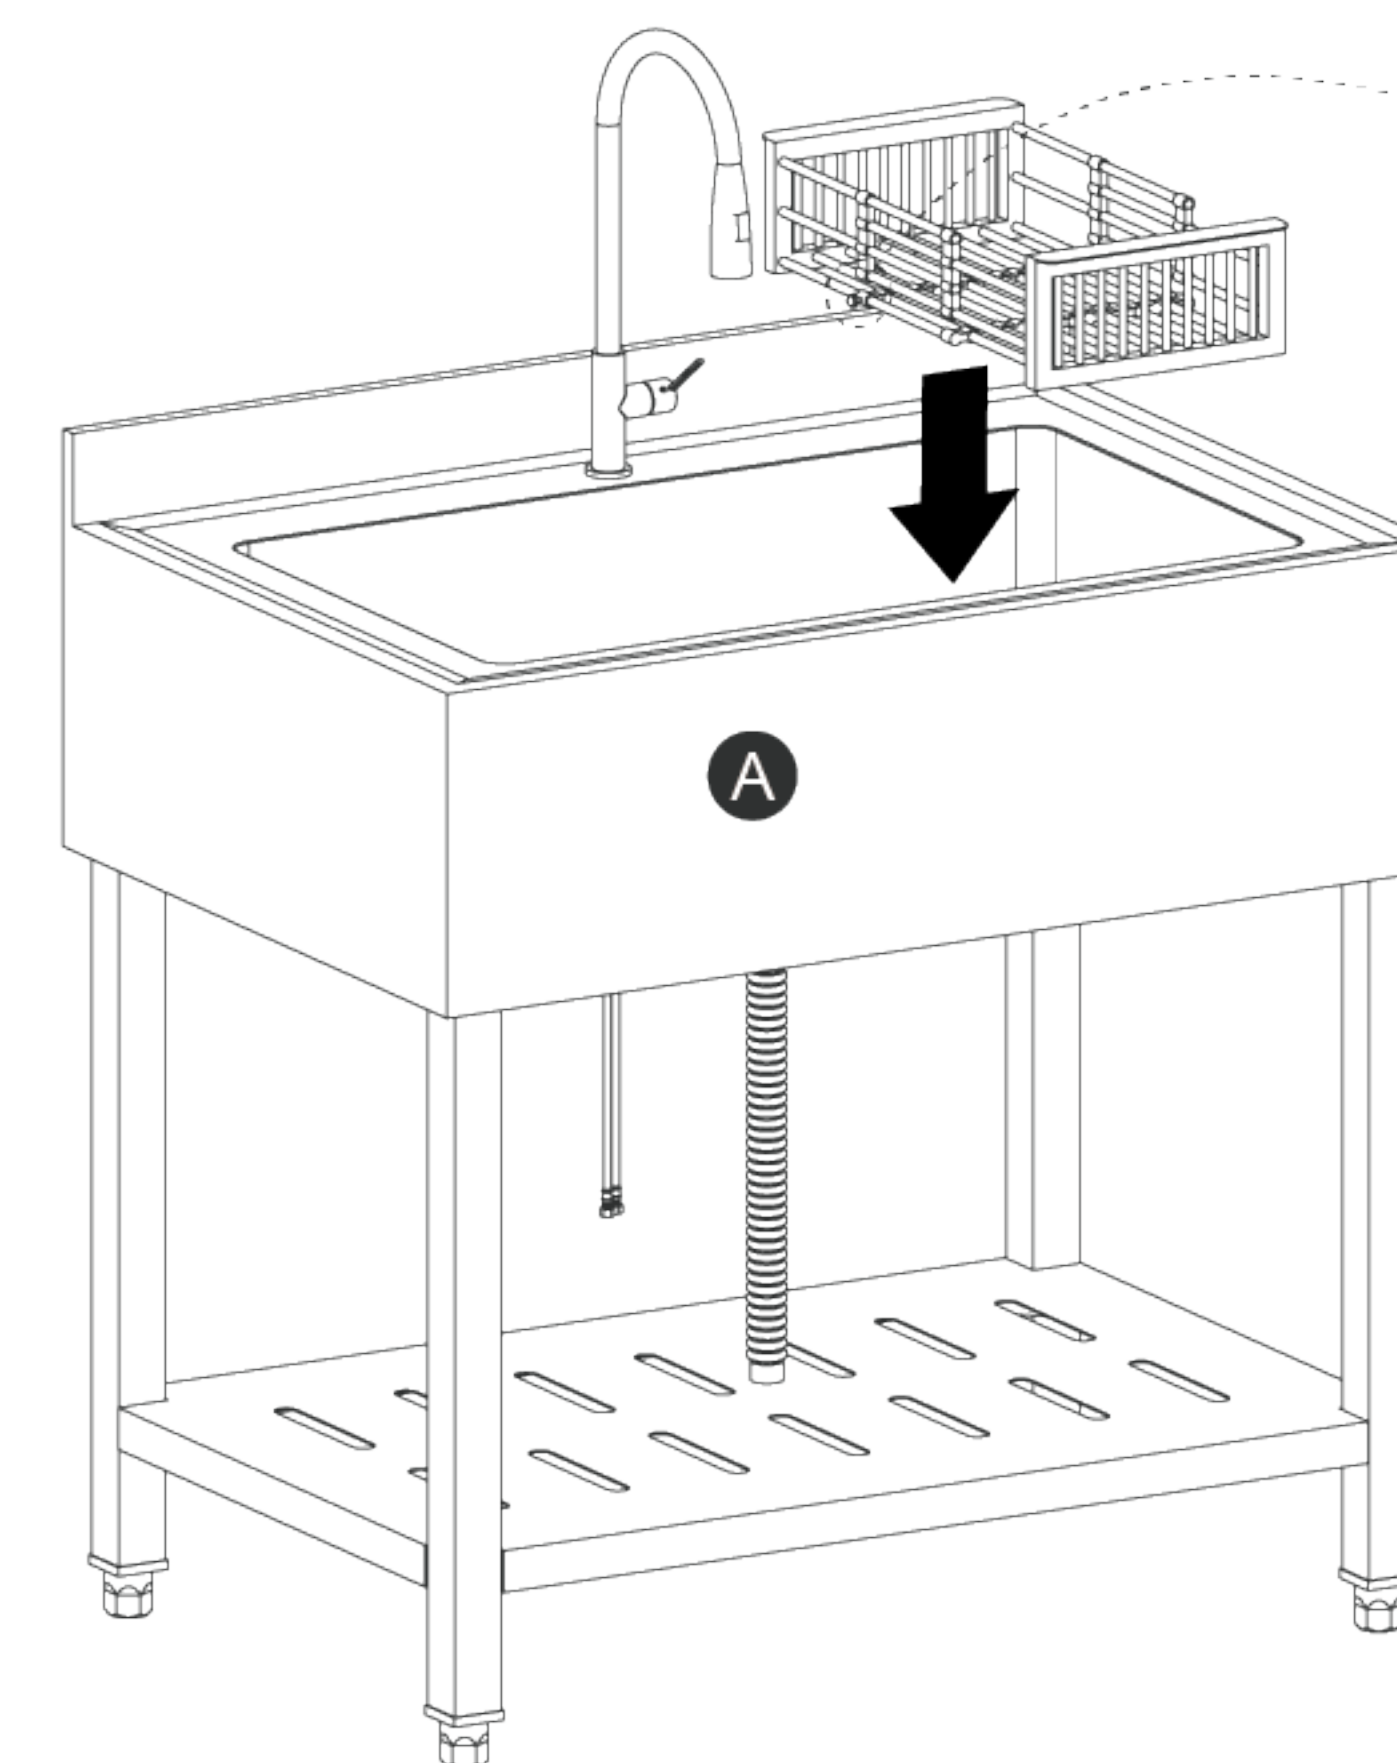

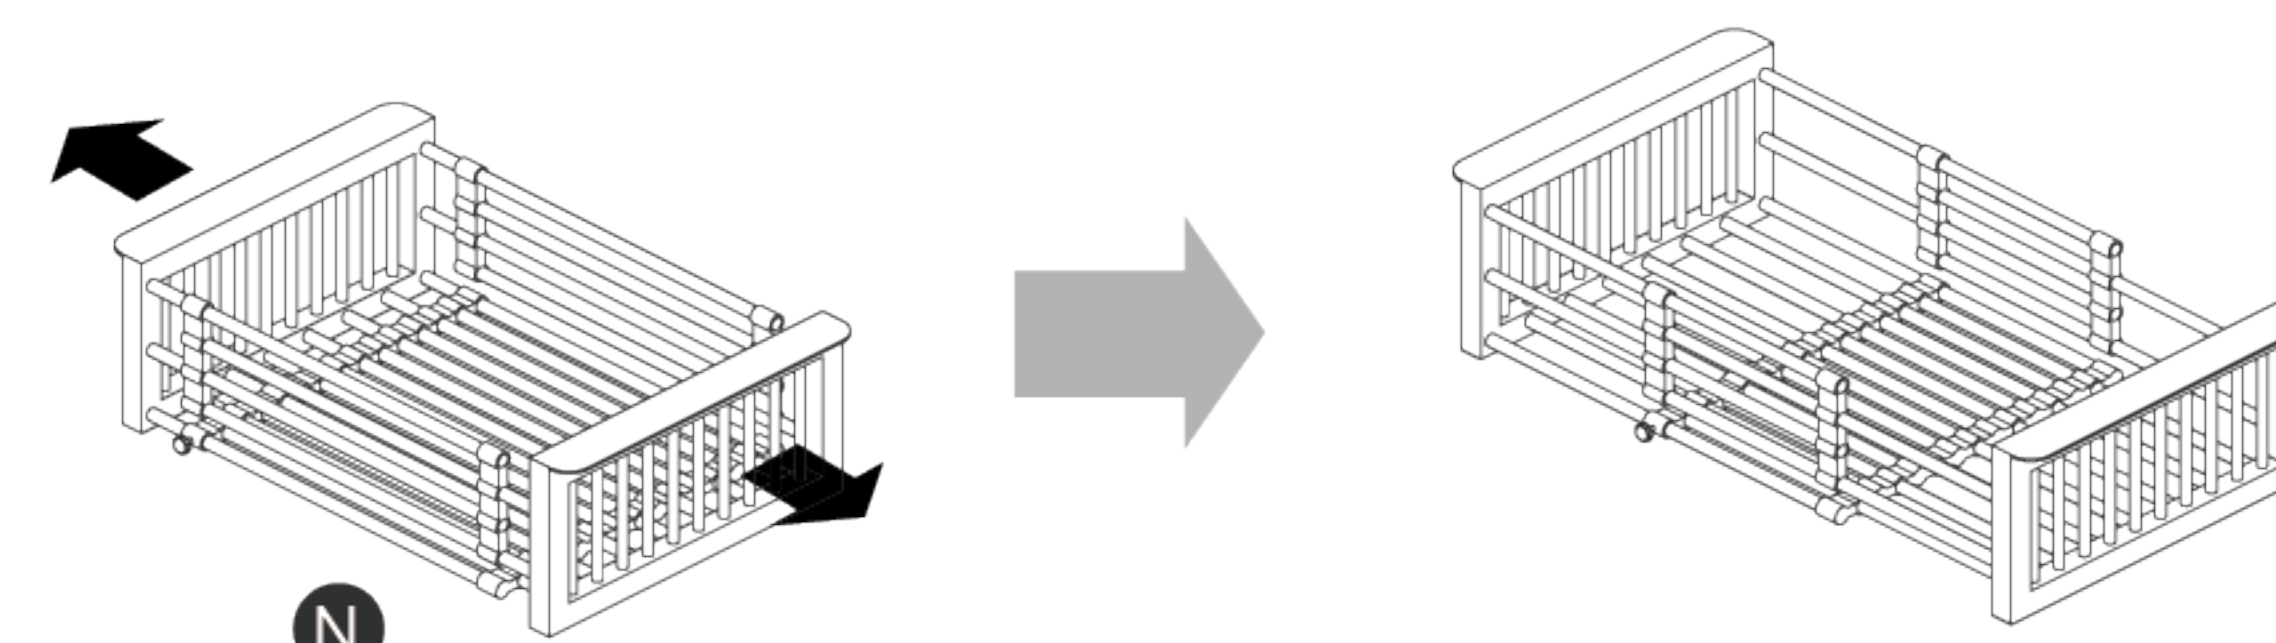

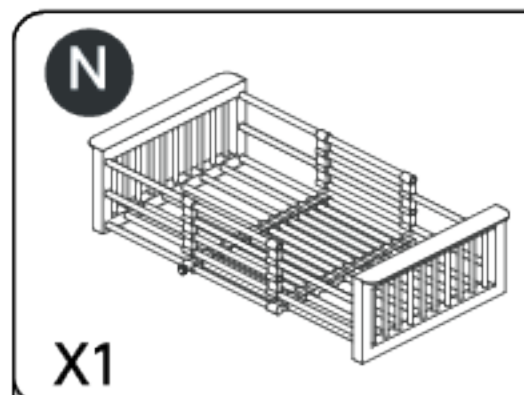

1. According to your own conditions, stretch the maximum length of the telescopic faucet

2. Lock the weight above the telescopic rope.

After removing the screws at both ends of the counterweight block M, pull one end of the telescopic faucet to a suitable position, fix the counterweight block M to the upper part, and screw it back with the screws.

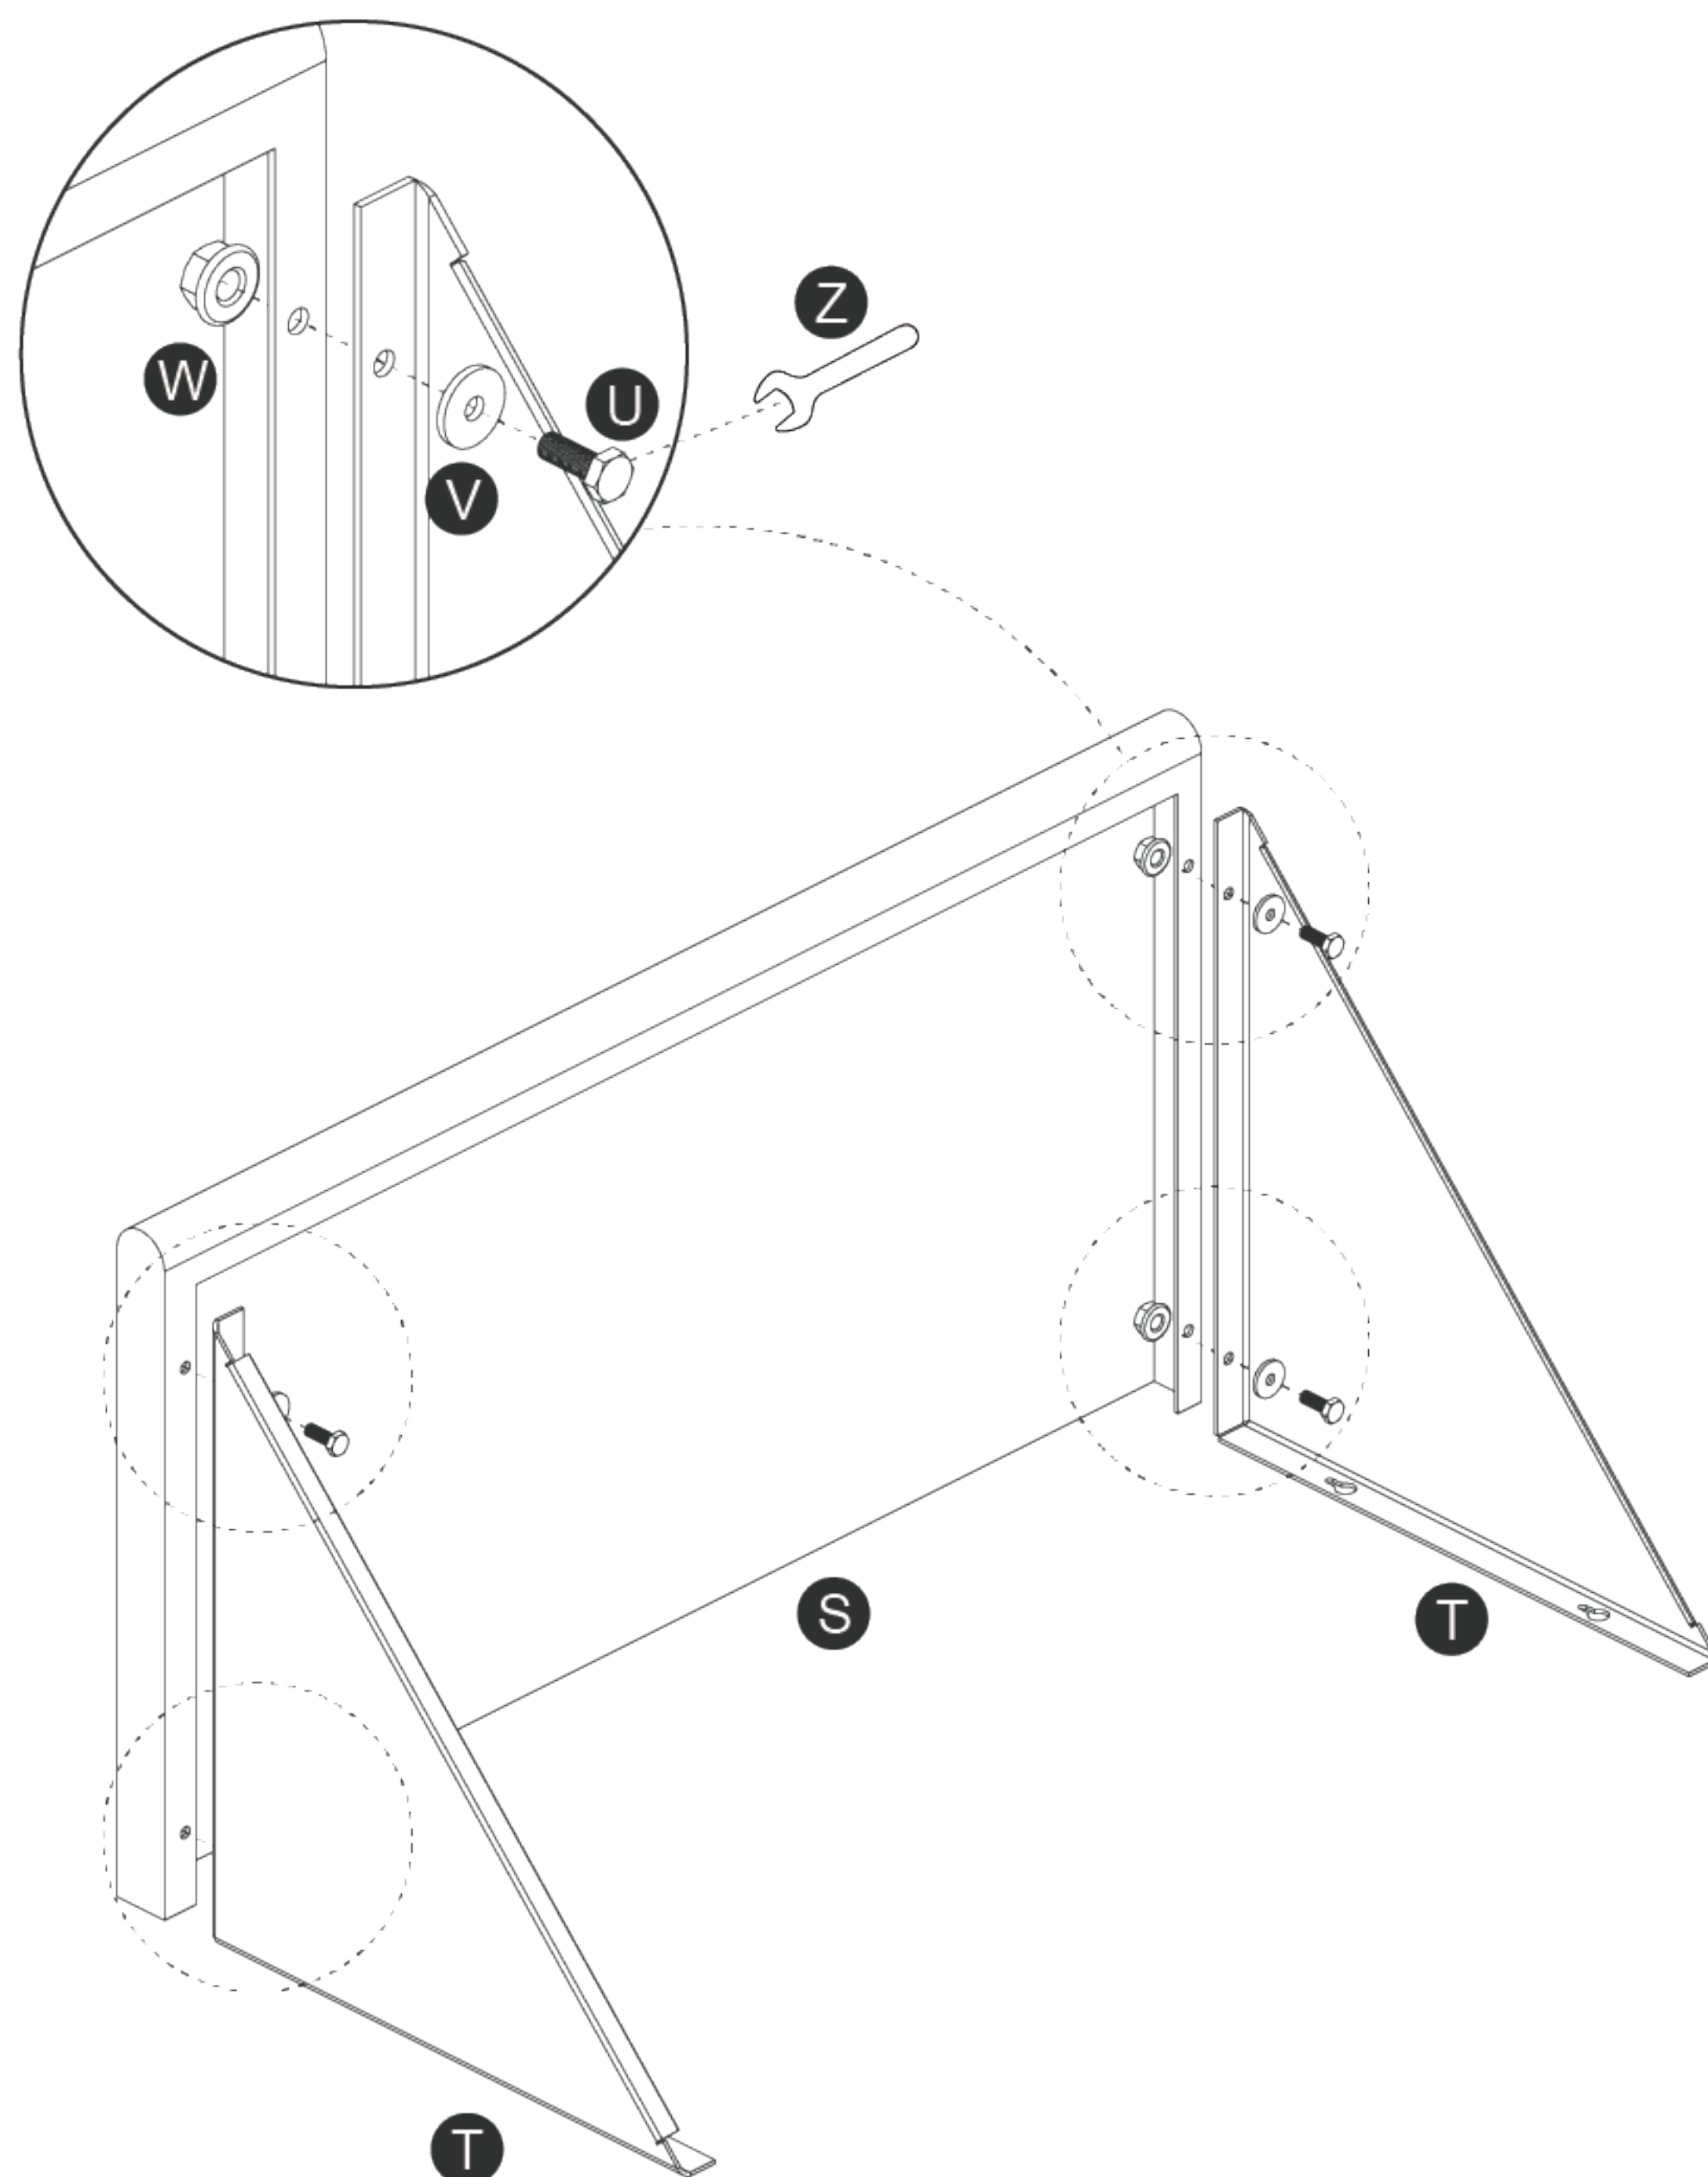

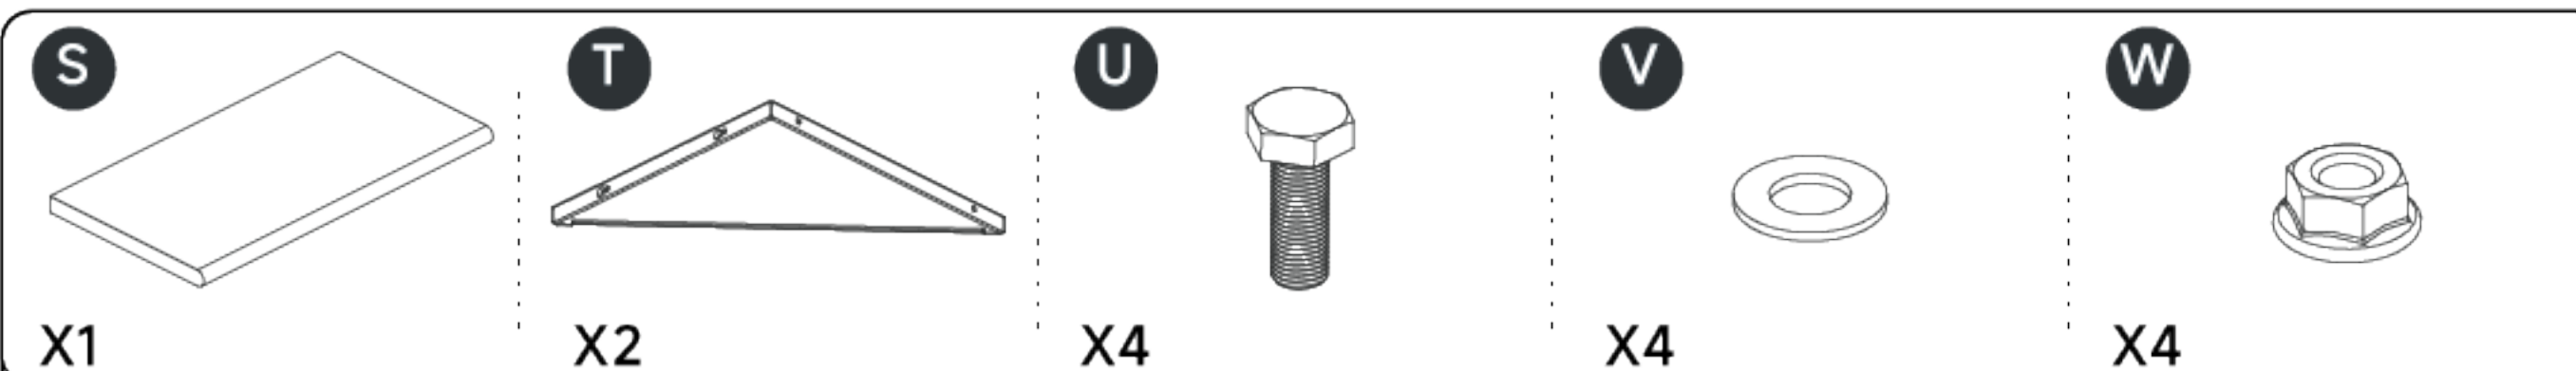

Step 12

Stretch the basket to the appropriate width and tighten the nuts on the basket after placing it in the sink.

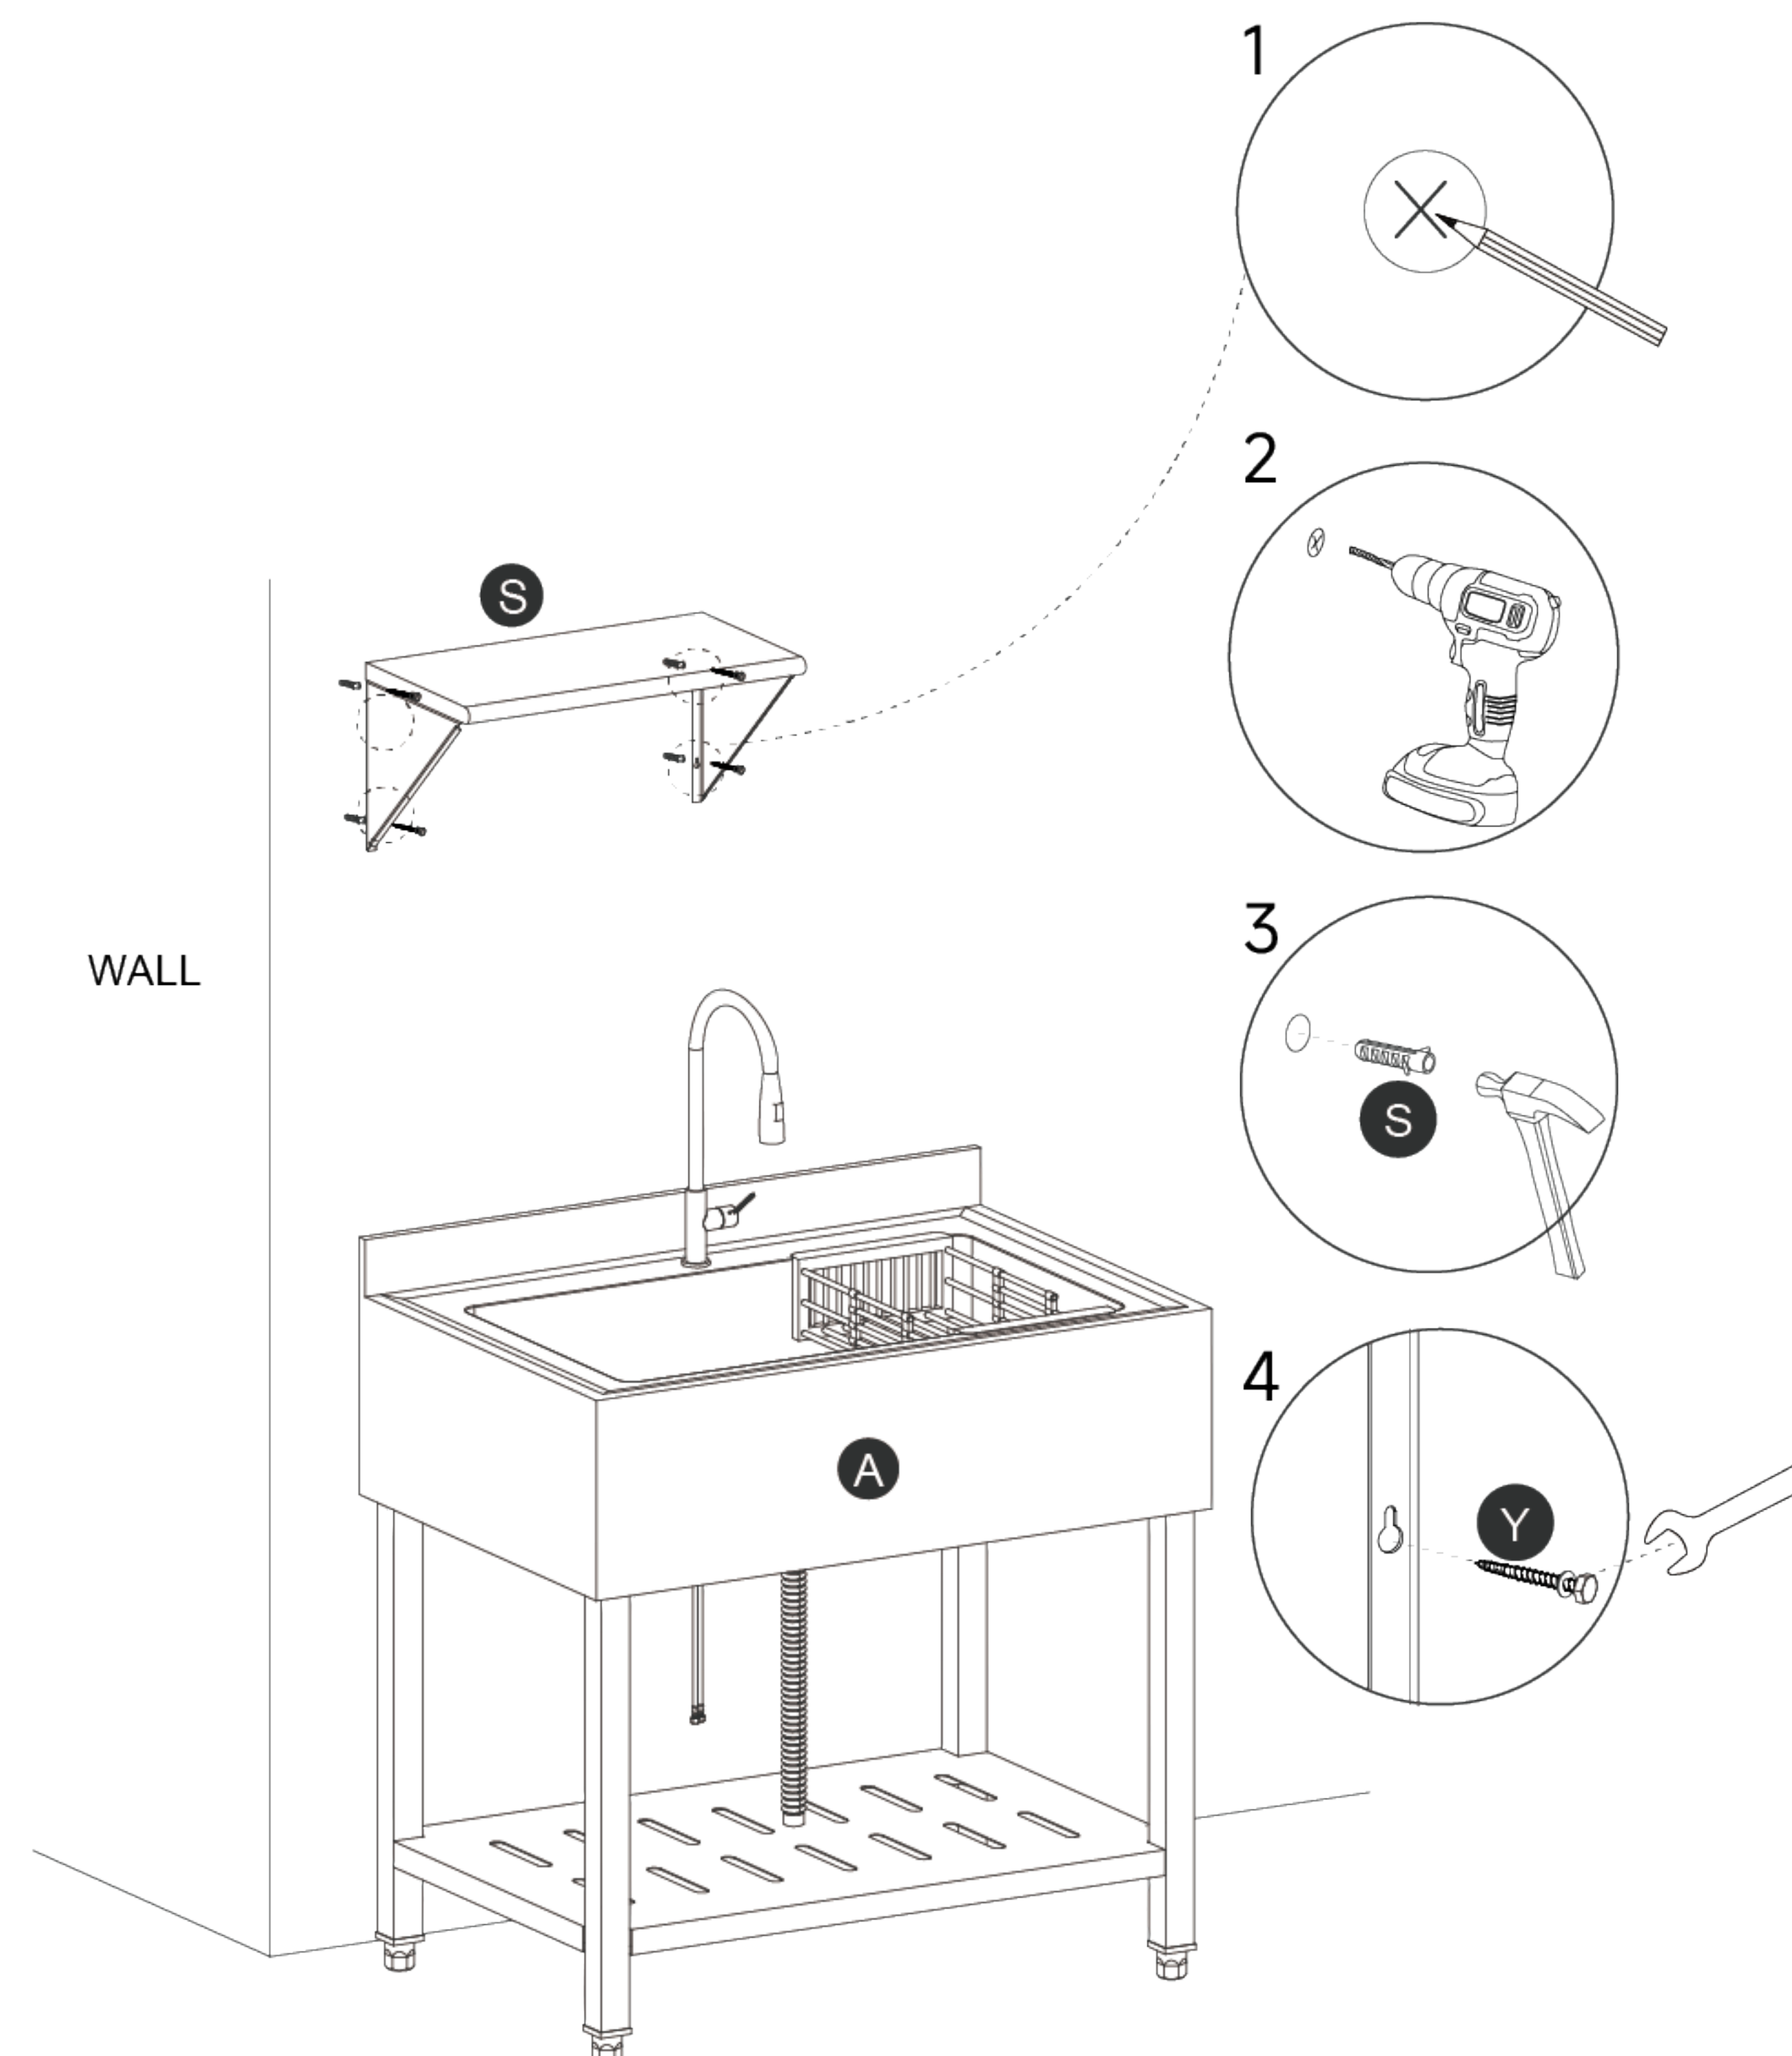

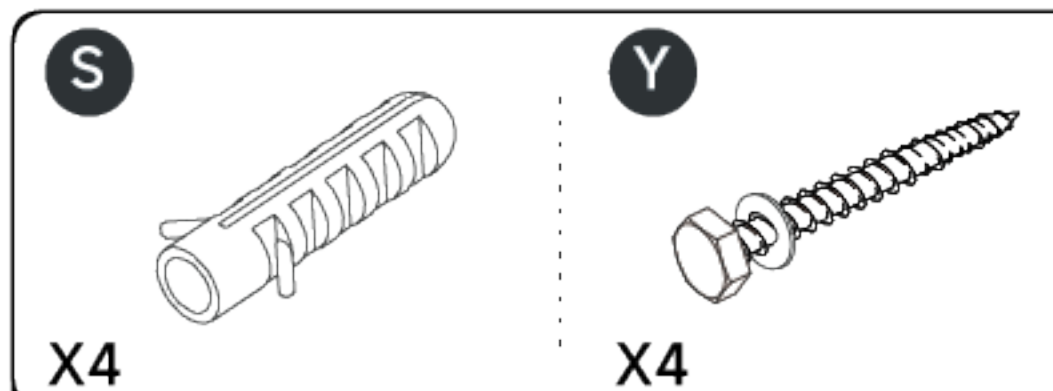

Expand the storage basket N to a suitable width, place it in the sink, and tighten the nuts.

Step 13

Install fitting S and two Ts, paying attention to their previous orientation, tighten one end with screws U and V, and connect the other inner end with nut W.

Step 14

Install the shelves to the wall and secure them in the order of assembly.
